

Moving Services

NewRay Moving, (855) 855 1815. I am very pleased with the professional and courteous manner in which NewRay Moving handled the moving of my household furniture to three different locations. It went as smoothly as possible and absolutely no damage to any of my valuable furniture. My arrangement was a little complicated in that some of the furniture in my house would be delivered to three locations--some to where I currently live in Virginia and the remaining pieces to two locations in Maryland. There were no glitches at all throughout the entire process. Each piece was individually wrapped and carefully handled. I was highly impressed with how fast the process went and still ensuring high quality of service. Movers Del and Pader were great people to work with and very accommodating to all our wishes. They are located in Merrifield. Phone is: [\(855\) 855-1815](tel:855-855-1815). The price was very reasonable. I highly recommend this company for any move you need. Peter Koenig formerly Banff St.
