

About Us

Camsan, Inc. is more than just a workplace—it's a legacy. As a family-owned and operated company with over 90 years of history, we've been at the forefront of the electrical industry in CT & NY. We're a Commercial and Residential Electrical Contractor that's growing rapidly, and we're on the lookout for talented electricians who are ready to spark their careers with us.

At Camsan, we believe in more than just wiring buildings; we believe in building futures. Our projects are diverse, exciting, and challenging, and we're proud to be a leader in the industry. But what truly sets us apart is our people. We're a team of problem solvers, innovators, and collaborators who thrive on precision and excellence. Here, your skills won't just be valued—they'll be celebrated.

The Opportunity

Are you an E2 Electrician with a passion for your craft? Ready to take on projects that challenge you to think, innovate, and excel? At Camsan, you'll do just that. We're looking for someone who's not just experienced, but also motivated to grow, learn, and contribute to a team that's as dedicated as you are.

What You'll Do

- Install, maintain, and repair electrical systems, wiring, conduit, lighting, and power distribution systems with precision and care.
- Diagnose and troubleshoot electrical issues and find solutions that keep our projects on track and our clients satisfied.
- Work closely with project managers, other electricians, and apprentices to ensure projects are completed on time and within budget.
- Adhere to OSHA and NFPA safety standards, ensuring a safe work environment for you and your team.
- Travel in and out of the state as required by project needs.
- Keep up with the latest industry trends and innovations to continuously hone your skills.

What We're Looking For

- You've got at least 3 years under your belt as a licensed E2 Electrician, with a solid track record in commercial or industrial electrical work.
- You know your way around blueprints, wiring schematics, and electrical codes, with a deep understanding of the National Electrical Code (NEC).
- You're committed to safety, with a strong understanding of OSHA and NFPA standards.

- You take pride in your work, ensuring every job is done right the first time.
- You thrive in a collaborative environment and are always ready to lend a hand.
- You think on your feet and are always ready to tackle the unexpected with a cool head and a solution-oriented mindset.
- You're ready and willing to travel for projects, both in-state and out-of-state.

Why Join Us?

- **Competitive Salary:** We offer a top-tier compensation package, recognizing the skills and experience you bring to the table.
- **Growth Opportunities:** We're committed to your professional development, with opportunities for training, certifications, and career advancement.
- **Benefits:** Comprehensive health insurance, retirement plans, paid time off, and more.
- **Work-Life Balance:** We believe in working hard and playing hard, with a focus on ensuring our team has time to recharge.
- **Cutting-Edge Projects:** Be part of exciting projects that challenge your skills and keep you at the forefront of the industry.

Join us, and let's build something amazing together.
