Enterprise bargaining wage outcomes

The Fair Work Commission's latest fortnightly enterprise agreement [statistical report](#) (published on 26 February) shows that the average annualised wage increase (AAWI) in agreements lodged for approval between 13 September and 26 January was 3.9%.

This is consistent with the latest [Trends in Federal Enterprise Bargaining Report](#) published by the Department of Employment and Workplace Relations, which shows that the AAWI for private sector enterprise agreements approved in the September 2023 quarter was 3.9%.
