

Gifted Association of Missouri 2026 Conference

Adventures in Gifted Education

Call for Proposals

Welcome, seasoned explorers and new adventurers — every voice and experience matters on this journey through Gifted Education

This year's theme celebrates the journey of gifted education—charting new paths, navigating challenges, and discovering innovative practices that support gifted and twice-exceptional learners. Whether you are a seasoned explorer or just beginning your journey in gifted education, your voice and experiences matter.

The conference is designed to connect new and veteran gifted educators, families, schools, and districts, creating a collaborative space where the gifted education community feels supported, inspired, and empowered. Do you have an idea, strategy, or story that can help others on their journey? If so, we encourage you to submit a proposal.
