WHAT'S IN A NAME?

“What’s in a Name” submissions:

Kennel Name: GoldStrike

Breed: Golden Retrievers

Meaning: GoldStrike was the name of my first show Golden Retriever.

Fun Facts: My Golden’s have titles such as Obedience, Rield, Rally, Agility, Fast Cat, Dock Diving, CGC, Trick Dog, Scent Dog, Coursing and my dogs have posed for movie sets and ads. I also have a bitch going into search and rescue and another young puppy going into a seisure alert training program.

WHAT'S IN A NAME?

If you would like to participate in the
“What’s In a Name”

kennel name information submission,
email Stephanie M. Hawkins at
eisahounds@gmail.com

with answers to the following questions:

1. What is your breed?
2. What is your kennel name (prefix for your dogs’ registered name)
3. How do you pronounce it?
4. What made you choose that name?

Other fun facts are welcomed!
