Healthcare Compliance Certification Professionals (HCCP)

Compliance-Driven. Audit-Ready. Powered by Partnership.

"Healthcare Compliance Is Not Optional — It's Mission-Critical."

Who We Serve & Our Mission

HCCP protects hospice, palliative care, skilled nursing, and home health providers by keeping them Medicare-certified, HIPAA-compliant, and CMS audit-ready.

Our purpose is clear: safeguard your license, revenue, and reputation through expert-led compliance, Security Risk Assessments, and audit defense.

Core Services

Comprehensive Support for Hospice, Palliative, and Skilled Nursing Providers

- 1. Medicare Certification & Compliance Support**
Guidance and documentation to help meet CMS non-clinical Conditions of Participation (CoPs) and protect reimbursement.
- 2. CMS Audit Defense & Readiness**
Full audit preparation, documentation development, and support for responding to CMS reviews.
- 3. HIPAA Security Risk Assessments (SRA)**
End-to-end risk analysis with remediation guidance and support to ensure HIPAA compliance and patient data protection.
- 4. Cybersecurity Program Development**
Development of HIPAA, NIST, and SOC 2-aligned compliance safeguards and best practices to strengthen your cybersecurity and audit posture.
- 5. Compliance Program & Governance Development**
Design and implementation of policies, procedures, controls, and compliance oversight tailored to your organization.
- 6. Staff Training & Compliance Education**
Workforce education on HIPAA, breach protocols, compliance responsibilities, and operational readiness.

Why It Matters Now

CMS audits are increasing. Most providers are not prepared. Failure to comply may result in Medicare payment suspension, license loss, or legal enforcement. HCCP helps you stay one step ahead.
