About Us

Healthcare Compliance Certification Professionals (HCCP) is a federal-aligned healthcare compliance and audit-readiness advisory firm supporting Medicare- and Medicaid-certified providers nationwide.

HCCP provides independent advisory services that help healthcare organizations strengthen compliance posture, improve documentation defensibility and prepare for CMS audits, HIPAA enforcement, and program integrity scrutiny.

What We Do

HCCP delivers structured compliance advisory services that help healthcare organizations identify regulatory risk, strengthen governance controls, and improve documentation defensibility before CMS, HIPAA, or program integrity reviews occur.

Our work includes readiness assessments, HIPAA security risk reviews, compliance governance alignment, documentation standards, workforce training, and executive-level advisory support.

Our Advisory Scope

HCCP provides advisory guidance across these regulated healthcare risk and compliance domains:

• Medicare & Medicaid Compliance Oversight
• HIPAA Security & Risk Governance
• Compliance Governance & Internal Controls
• Documentation Defensibility & Audit Readiness
• AI & Data Governance

Service Offerings

HCCP delivers defined advisory engagements and support services, including:

• Compliance Readiness Reviews
• HIPAA Security Risk Evaluations
• Policy & Procedure Alignment
• Compliance Training for Staff & Leadership
• Governance & Oversight Advisory
• Corrective Action Roadmaps

HCCP Readiness Assessment Review

An executive-level review that identifies compliance gaps, audit exposure, and documentation readiness across key Medicare, Medicaid, and HIPAA domains.

Delivers clear priorities and next practical steps to strengthen regulatory readiness.
