

Healthcare Compliance Certification Professionals (HCCP)

CMS • Medicare • Medicaid • HIPAA • Audit Readiness • Readiness Assessment Review

About Us

Healthcare Compliance Certification Professionals (HCCP) is a federal-aligned healthcare compliance and audit-readiness advisory firm supporting Medicare- and Medicaid-certified providers nationwide. We provide independent, risk-focused advisory services to help regulated healthcare organizations strengthen compliance posture and audit defensibility. HCCP operates strictly as an advisory firm and does not serve as a regulator, certifying authority, or legal provider.

What We Do

HCCP delivers structured readiness and compliance advisory services that help healthcare organizations prepare for CMS, HIPAA, and program integrity scrutiny.

Our work includes readiness assessments, HIPAA security risk reviews, policy and documentation alignment, governance controls, executive and workforce training, and oversight guidance for AI and data-driven systems used in healthcare operations.

Our Advisory Scope

HCCP provides advisory guidance across these regulated healthcare risk and compliance domains:

- Medicare and Medicaid program compliance posture
- HIPAA security and risk governance
- Compliance governance and control models
- Documentation defensibility standards
- AI and data-use oversight in healthcare operations

Service Offerings

HCCP delivers defined advisory engagements and support services, including:

- Structured readiness reviews and gap analyses
- Security and privacy control evaluations
- Policy and procedure review support
- Targeted compliance training sessions
- Executive readiness briefings
- Corrective action roadmap development

HCCP Readiness Assessment Review (RSR)

An executive-level review that identifies compliance gaps, audit risk, and documentation readiness—delivering clear priorities and practical next steps.
