About Us

Healthcare Compliance Certification Professionals (HCCP) is a federal-grade healthcare compliance and audit-readiness advisory firm supporting Medicare- and Medicaid-certified providers nationwide, advising organizations on audit preparedness, governance, compliance, and oversight of Artificial Intelligence, Business Intelligence, and analytics.

What We Do

HCCP advises healthcare organizations operating under Medicare and Medicaid oversight by strengthening audit preparedness, governance discipline, operational compliance, and the responsible oversight of Artificial Intelligence, Business Intelligence, and analytics used within healthcare operations.

Our advisory scope includes:

- Medicare and Medicaid audit readiness
- HIPAA Security Risk Assessments
- Policy, governance, documentation, and digital oversight alignment
- Workforce training and executive advisory, including awareness of AI- and data-driven processes

Our work is practical, defensible, and focused on sustaining certification and regulatory confidence over time.

Why It Matters

Regulatory scrutiny is increasing, and enforcement expectations continue to rise.

HCCP helps healthcare leaders maintain audit readiness, protect certification status, and operate with confidence under Medicare, Medicaid, and HIPAA oversight.

Service Offerings

HCCP advises healthcare organizations operating in regulated, audit-intensive environments by strengthening compliance posture, governance discipline, and executive readiness.
