

# CLIENT RETURN TO IN-PERSON SERVICES CRITERIA

***Must meet all of the criteria in the box to return to in-person services***

Symptoms

*~~If symptoms are due to another health condition, documentation from health professional is required prior to any services and the following criteria do not apply.~~*

- Negative results from COVID-19 test done by a health professional (home tests not accepted), or at least 10 days have passed from the onset of symptoms  
*and*
- Resolution of fever (100.4) without the use of fever-reducing medications
- Improvement in symptoms

If test is positive, go to "Confirmed Case"

Close Contact

If vaccinated:

- Continue services as long as no symptoms and full masking is possible

If non-vaccinated:

- At least 10 days from contact with the individual with COVID-19
- No symptoms present at any time

If symptoms develop, go to "Probable Case"

Probable Case

If vaccinated:

- Negative results from COVID-19 test to be done as soon as possible

If non-vaccinated:

- Negative results from COVID-19 test to be done as soon as possible
- At least 10 days from contact with the individual with COVID-19
- At least 10 days have passed from the onset of symptoms

- Resolution of fever (100.4) without the use of fever-reducing medications
- Improvement in symptoms

If test is positive, go to "Confirmed Case"

Confirmed Case

- Must have mild to moderate illness (severe to critical should be discussed with management)
- At least 24 hours fever free without the use of fever-reducing medications
- At least 10 days have passed since symptoms first appeared or, for asymptomatic positive cases, at least 10 days from first positive test
- Symptoms (e.g., cough, shortness of breath) have improved
