

## What We Believe

**We believe** there is one ultimate loving energy that is present in all that exists.

**We believe** that God does not judge us.

**We believe** heaven and hell are not physical places to which we are sent by God, but describes states of mind.

**We believe** that we co-create with God, that our thoughts create our realities.

**We believe** that we live in an abundant universe and that within us lie all of the Wisdom, Love and Power needed to create full, joyous and prosperous lives.

## A Vision for TCSL

*"We are all longing to go home to some place we have never been-a place half-remembered and half-envisioned we can only catch glimpses of from time to time. Community. Somewhere, there are people to whom we can speak with passion without having the words catch in our throats. Somewhere a circle of hands will open to receive us, eyes will light up as we enter, voices will celebrate with us whenever we come into our own power. Community means strength that joins our strength to do the work that needs to be done. Arms to hold us when we falter. A circle of healing. A circle of friends. Someplace where we can be free."*
