Check out our instagram  
for performance clips,  
member bios, and peeks  
behind the scenes!

## POP UP PERFORMANCE!!!

### What is a pop-up performance?

A no-charge community  
performance with the Knotty by  
Nature Circus Troupe!

*Depending on venue and event  
details, this performance  
can include:*

- Lyra (Aerial or grounded lollipop)
- Pole (Aerial or grounded)
- Our founder's custom apparatus  
the "Nope Rope"
- Contortion
- Partner Acro
- Chair Acro
- Aerial Silks/Sling
- Clowning
- Trapeze
- Straps
- And more!

### What can you expect?

An incredible display of  
performance artistry suitable for  
all ages (*unless you specify an  
age requirement*).

Quick set up and tear down  
(with minimal help needed by you!)

Most pop-ups are ambient sets,  
meaning there is no need for special  
seating or an emcee, just music!  
Apparatuses are placed in visible,  
but zoned spaces so the  
performance happens in the midst  
of things rather than on a stage in  
front of a dedicated audience.

### IS IT REALLY FREE?!

*YES!!! We value relationships and  
community engagement!*

Pop-ups are a great way for us to  
foster both. We really do not charge  
the hosting venue for our time or  
services for a pop-up. In fact, the  
goal is to make the event as  
mutually beneficial as possible.

The troupe brings in traffic,  
excitement, and entertainment for  
the venue. In return, the troupe is  
allowed to accept tips and/or  
charge door fees in the case of  
staged productions.

## BRING THE CIRCUS ANYWHERE!

### Things to keep in mind for outdoor booking:

- Outdoor spaces are weather  
dependent and require some  
additional considerations.
- **Rigs are not designed for use in  
wet conditions!!!**
- Temperatures and conditions  
must be deemed safe by each  
performer for their specific  
apparatus and set.
- Pop-ups cancelled due to weather  
are eligible for reschedule

### WE LOVE

Festivals, Fairs, & Bazaars

Grand Openings

Queer Events

First Fridays

Fundraisers

Live music

### What are our space requirements?

*KBN has two styles of apparatus, but  
both categories need at minimum:*

- **12' height clearance**
- **10' x 10' ground  
clearance per apparatus  
(12' x 12' preferred)**
- Surface for each apparatus must  
be flat and safe for all of our rigs  
and platforms.

If you have ANY QUESTIONS AT ALL about the information listed here, or are unsure if your space is suited to safely host a pop-up, please reach out. We also realize that the type of events out there are endless, so just because you don't see your specific flavor of event listed above doesn't mean we wouldn't love to work with you!

*Disclaimers: It's important that we maintain positive relationships with other members of the circus community, and we respect that there are a number of troupes and production companies operating in Denver. If an individual, location, or organization already has an arrangement with another performer / performance group, KBN does defer to existing relationships.*

*If you want to book us for spicier, more adult events you MUST request this specifically and the venue MUST be checking IDs to verify that all in attendance are 18+. We consider events all-ages unless explicitly agreed upon during booking.*
