Other Keys AHEC Services in the Community

Keys AHEC offers tobacco cessation services and classes county-wide at varying times and locations. We have a new location in Key West and are currently running a state sponsored incentive program; \$50 Publix gift cards for first time participants and a total of \$125 in gift cards upon completion of the program. This year we enrolled 1083 patients and provided over 350 classes county-wide.

Keys AHEC Opioid Project provided education to local prescribers, substance and abuse counselors, medical staff and the public. We provided NARCAN and DeTerra bags through a partnership with the Monroe Coalition and GCC.

Keys AHEC provided CE/CME approved Federal/Core, Tobacco and Opioid training to 222 health professionals in-person and 447 health professionals online this year.

Keys AHEC provided group trainings for basic life support, CPR/AED and first-aid to approximately 200 participants this year.

2023-24 Annual Report

A Message from our CEO:

The Keys AHEC Health Centers have had a remarkable year of growth and expansion during the 2023-24 program year! We are delighted to announce that we added additional clinical days at three schools, ensuring that our medically vulnerable children receive the care they need.

Our dental program has seen notable growth with the opening of the Marathon based children's dental center. This new center, open Mondays and Fridays, has significantly enhanced our dental program providing better access to appointments and restorative care. Since it's opening, we have nearly doubled our visitations compared to the same time last year!

We are also pleased to share that the Marathon center's expansion has attracted the **Good Health Clinic** and **WomanKind** to join us in Marathon. This healthcare collaborative now offers comprehensive adult primary and specialty care as well as full women's health and prenatal care.

None of this would be possible without the unwavering trust and support of our community, partners, and supporters. We are deeply grateful to everyone who has utilized our healthcare programs, entrusted us with their care, and supported our mission to better serve our community. Thank you for being a part of our journey!

Michael Cunningham, CEO
Keys AHEC

What Does Keys AHEC Do?

We provide no cost medical care and low cost dental care for the school-age children of Monroe County, FL through 10 medical clinic locations, a mobile dental clinic and dental office clinic in Marathon, FL.

Most of our patients come from low to moderate income homes where medical and dental care is not available or affordable for them.

The Keys AHEC medical program proudly serves ten school sites county-wide through its medical team consisting of six advanced practice Registered Nurses who are available on all school days and throughout the summer.

In addition, the Keys AHEC dental program for students serves the same ten schools county-wide through its Mobile Dental Unit AND a newly opened children's dental center in Marathon. The program consists of a full dental team, with pediatric dentist Dr. Gloriana "Nana" Lopez, providing complete dental care for our kids.

ADDED!

WE WERE ABLE TO ADD ADDITIONAL DAYS OF SERVICE AT OUR KEY LARGO CLINIC AND PKS CLINIC!

Keys AHEC has established itself as the primary medical and dental care clinics for many local families, ensuring they have access to timely and quality health care for their children without the worry of affordability.

As we work diligently to keep our services available for the medically vulnerable and underserved children throughout Monroe County, we ask.... Can You Help?

By becoming a Friend of AHEC, you can be an important part of keeping our Florida Keys children healthy and thriving. To make a donation or for other information on ways to contribute, please scan the QR code below.
