

The mission of Health Foundation of South Florida is to invest in and be a catalyst for collaborations, policy and

systems change that improves the health of South Florida communities, with a focus on vulnerable, low to moderate

income populations. Established in 1993, the nonprofit foundation has awarded over \$131 million to nonprofits providing

programs and services in Broward, Miami-Dade and Monroe Counties. For more information, visit [hfsf.org](http://hfsf.org) and follow @HealthSFL.

Three Monroe County non-profit health centers have joined forces to create a health care collaborative with the goal of increasing access to and expanding primary care for low-income children, pregnant women and adults.

Keys AHEC Health Centers, Good Health Clinic, and Womankind will be working closely together to deliver a coordinated health services plan that better serves low income patients.
