Home away from home

Our Mission

The Antonine Sisters' mission is based on Christian principles. The Sisters and staff work together to provide compassionate and holistic care to adults. We promote the independence and dignity of each individual in a home-like environment.

The Antonine Village is a magnificent, peaceful, and secure place for seniors to enjoy their retirement in a surrounding of peace and natural beauty, close to and under the protection of Our Lady of Lebanon.

The Antonine Sisters have more than two decades of experience in providing quality and compassionate care to the elderly at our Antonine Sisters Adult Day Care.

Since May 2015, we expanded our ministry to the elderly and added an Assisted Living facility that includes a Memory Care unit. Toward the end of 2022, an additional adjacent building was started with additional rooms to serve more needs of seniors.

We are dedicated to providing various levels of services and support to help every individual feel content and satisfied.
