

Maple Meadows Farm

& Event Centre

We are excited to announce that given the resounding success of our tent weddings in the past two years we are now in the process of restoring our 5000 sq ft. century barn for events beginning Spring 2019. Our event season for the completed barn will begin May 1st, through until October 31.

The barn built in the 1830's is now under renovations and will offer 5000 sq ft of "original post and beam" construction. We have already secured our city zoning and have a wonderful engineer to work with for the restoration. With a truly remarkable barn, Maple Meadows will offer ready rooms for both his and hers, a "loft" mezzanine, bathrooms, tables and chairs, lighting, portable bar and lots of props if needed free of charge for DIY decor.

We have a beautiful rustic green space approx. 2 acres that is presently being used for ceremonies and tented weddings. It is bordered by huge maple trees with a gorgeous view over the pasture. Our barns, gardens and fields make lovely backdrops for photos, rescue horses and a little donkey named Gus are happy to greet your guests and the shady lawn is perfect for guest to enjoy a few games or cocktails.

Catering is open for your choice and you are welcome to bring in your own alcohol with a Special Occasion Permit (25.00 from LCBO online).

A list of wonderful local companies that specialize in event/wedding, catering, music etc. is available if needed or as a certified wedding planner I would be happy to help arrange some of the details for you.

Music turn off is 11 pm, with guests being asked to be off the property by 12 pm. The wedding party is allowed to remain until 1 am, as long as noise is kept to a minimum.

Maple Meadows has flower cutting gardens for your DIY bouquets (included in rental) or we can be your onsite florist creating fresh bouquets, centrepieces, garlands, etc. at a reasonable rate.

Please feel free to call or email maplemeadowsfarm@gmail.com if you would like additional info. Come tour the property, if you are interested an online folder with our contract and policies is available.
