

CHICKEN TENDER TIMES

JUL 2026 Iss. 54

Greetings from Paradigm Pastures, and welcome to our monthly newsletter. We have been rocking and rolling in our efforts to practice humane animal husbandry in raising pastured poultry!

What's been going on:

We have had so much going on that it's hard to keep track of all of it! The hoop house is here on the farm, and it will take all of our spare time to get the frame set up. We also have to get the land cleared and leveled, and we have to make sure that footers are squared and even. Once we get it going this fall, we will be able to get some fall/winter crops going and have a place to shelter the bees for winter. Another project we have going on is a little addition to our stable called Tuffy. Tuffy is a Ventrac mower that can take on steep road ditches, established trails & trail systems, fire breaks, and steep elevations that most mowers can't tackle without the damage that tracked machines cause. If you have an area of your land that you are having a hard time accessing, give us a call and we can send you a quote to get that area mowed, brush hogged, or dug out before fall and winter cover it with snow. Speaking of fall/winter, it's getting closer to holiday season and that means turkeys are here! We officially have turkeys in the brooder, and we have just added them to the website. We usually sell out of turkeys pretty early, so I encourage you to get on the website and put the deposit down on your bird for Thanksgiving. We process them the weekend before Thanksgiving, so they are ready to pickup on Sunday and put right in the brine...never frozen! If you pre-order, we will put you on the distribution list so you can get info as processing day approaches and the details of pickup come out. Speaking of pickup day, batch 2 of the chickens has sold out and processing will happen on Friday, Sept 11th. That makes Saturday, Sept 12th pickup day for that batch. If you have an order in for that batch, we will be here from 10:00am-1:00pm for pickup. We recommend bringing a cooler or insulated bag to pickup your birds as they will be fresh on ice but not frozen. We can't wait to see you back here!

WHAT'S THE BUZZ?

The honey harvest this year was so much more than we could hope for! After pulling 20 completely full frames of honey, we filled up our 5 Gal bucket...TWICE! That's right, we got 10 gallons of honey this year, and it is on our website now! Now the ladies are replenishing their stores in preparation for winter, and we are going to let them keep every drop. This is the time of year that the flowers start to fade, so they will need all they get!

We are adding classes!

Firearms training has been very popular, and we are nowhere near stopping! We have added classes to the schedule for **Basic Handgun**, **Intermediate Handgun**, and **Concealed Carry** classes. In addition, we now have another certified instructor, so we will be adding some **Women's Only Handgun** classes to the schedule. We are also going to be adding **Non-Lethal** classes for anyone that wants to practice self-defense but is not yet ready to use a handgun. This is also great for those that work in occupations that may require protection, but carrying a firearm on property is not allowed. Check our calendar and let us know what you'd like to see:

FIELD FIRE

THE SHOP IS OPEN!

Visit the shop to place an order for your Thanksgiving turkey, limited-time honey, eggs, chicken, and merch:
