BEFORE YOU BEGIN

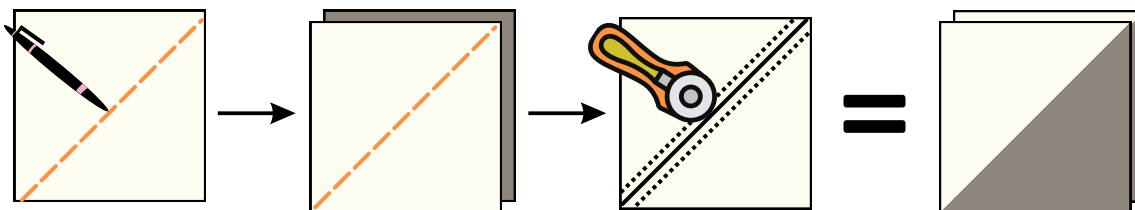

- All seams are suggested to press open.
- Reduce stitch length to 1.8-2.0 for secure stitches.
- Sew all seams with a scant ¼" seam allowance, unless standard ¼" noted.

For any values colored **orange**, an extra HST remaining from a larger 2-at-a-Time HST pair will be trimmed down to fulfill the total HSTs needed for a smaller size of the same color combination.

2-AT-A-TIME HALF-SQUARE TRIANGLE (HST) INSTRUCTIONS

1. Per HST set, gather (1) square of each fabric called for in the HST Combination chart.
2. On the wrong side of one of the squares, draw a diagonal line from corner-to-corner.
3. Then, place the (2) squares, RST, and sew a $\frac{1}{4}$ " away from the line on either side.
4. Cut on the drawn line to create (2) HST.
5. To trim the completed unit, place the 45° line of the ruler on top of the HST seam.
 - a. Refer to Completed (Trim) Size in the HST Combination chart.

STITCH-AND-FLIP (SIF) INSTRUCTIONS

1. On the wrong side of both smaller squares, draw a diagonal line from corner-to-corner.
2. Then, place a small square, RST, on the large square and sew a threadwidth to the outside of the drawn line. Trim to create a $\frac{1}{4}$ " seam allowance and press seam towards the larger square. Repeat on the opposite corner of the large square.
3. Trim the completed unit back to the size of the starting large square.

BLOCK CONSTRUCTION

1. Refer to the graphics and Unit Piece Lists on the following pages.
2. Subunits: Sew the pieces in each row or column together to create the subunits.
3. Units: Sew subunits together in alphabetical order, and trim to the noted size.
4. Block Center: Sew completed units together in numeric order.
5. Block Borders: Sew the Side Borders to the Block Center, then sew the Top/Bottom Borders.
