Friends and Partners,

We are thrilled to report that we just completed the largest and most successful year in our 30 year history --- thanks to you. We were looking forward to entering 2022 with our largest line ever.

Today we have close to 150,000 pairs of shoes in our warehouse and most of that is open stock. Stocking shoes by the pair is something you asked for 2 years ago and we have now pivoted to where almost all our shoes are available by the pair. This year most of our customers took advantage of the savings and convenience this provided and have given us very positive feedback. Thanks for pushing us in this direction as it has made a significant difference in our business.

Through shopping the market and your feedback we knew that the casual business was growing quickly. We were confident we would be successful with an expanded line of casuals. To address that, we introduced our new fashion brand of sneakers -- Mazino. Response to our bright and colorful sneakers with their fashion bottoms and fresh patterns was immediate. It has encouraged us to expand the brand even more this season. With Mazino we welcomed a whole new group of customers to our company. Building new relationships has been fun and rewarding. You are the driving force behind what we do and the products we deliver. You have pushed us into open stock; you have pushed us into adding more casual footwear; and in fact, many of the shoes you will see in our newest catalog were your ideas that were passed on to us.

So thank you so much for helping us grow and making us a more and more important part of your business. We have been humbled to hear so many stories this year of you telling a friend or family member in another state about our company and recommending us to them. Thank you for spreading the word! It has also been fun to see many of our traditional dress customers start to broaden their assortments with sneakers and rewarding to hear of their success. We encourage everyone to try them if you haven't. Open stock allows you that freedom with little investment on your end.

A pleasant surprise this past year was the growth of our leather brand Asher Green. They appeal to all ages and offer contemporary classic looks missing in the market. Dress will always be important for us and we know for you as well. We continue to build new patterns and will offer the inventory to support that growth. We believe we have the best assortment of driving mocs available and encourage you to take a look at this ever growing piece of the men's business. We are trying very hard to be your total men's footwear supplier, whether dress or casual, sneakers or drivers, or whatever your needs. We are here to help you. If there are categories - or items - you need and we do not carry them please continue to push us to expand. We truly appreciate your input. It has been instrumental in the exciting growth we have experienced this year.

We wish you a great season and once again thank our new customers and old ones for your shared passion, business, support, and friendship.

All Our Best,
Jennifer and David
