St. Mary's Morning Latchkey Registration Form

We will start the school year by offering Free Morning Latchkey from 7:30am to 8:00am to those families who truly NEED to drop students off before 8:00am due to work requirements and are unable to make any other type of accommodations to get students to school. Because our capacity to socially distance our students in the gym is around 50 students, we are requiring students to register for Morning Latchkey. This will allow us to have an idea of how many students to expect daily and establish a designated seating chart should we need to do contact tracing because of a positive COVID-19 case.
