

## **NOBILI Mulcher :-**

Super Agro are selling the NOBILI mulchers are tractor-mounted machines, to be fitted to the three-point linkage of the front or rear hydraulic lift of small tractors. In working position, the TL and TLP mulchers are supported by roller that controls the working height. The rotor is equipped with interchangeable swinging knives of different shapes and sizes, to adapt the mulcher to various working needs. The working widths are 120 - 150 - 180 cm for the TL range, and 120 - 135 - 160 cm for the TLP range. It is possible to have, upon request, the version with the hydraulic offset. The mulcher is constructed in compliance with the European regulations. The Nobili BK series mulcher is a heavy duty multi-purpose machine, fitted with maintenance free bearings. The BK is fitted with an opening tailboard and a mulching bar is fitted to produce a fine mulch and various models.

### **Features:-**

- High profile body, opening tailboard and one mulching bar.
- PTO drive shaft with durable safety cover, heavy duty oil bath gearbox with over running clutch, taper locked pulleys and electronically balanced rotor.
- Skids (BK230, BK280), rear wheels (BK320).
