COMPANY PROFILE

Trikay Transformation

" We can help your business to perform so much better"

ABOUT US

WHO WE ARE

We are one of the best consulting companies in Central India providing integrated management consulting services on business management systems, innovation, strategy, problem solving and business transformation to clients in the public and private sectors in India & overseas.

WHAT WE DO

We help companies achieve their dreams by enabling them to effectively meet short term goals while at the same time helping them build the competencies and capabilities to fulfill their long term company vision.

Our deep expertise in Management Systems, Business Excellence Frameworks, Process Excellence, Lean Six Sigma, Problem solving, and Change Enablement ensure that we provide our client with an end to end suite of solutions from advisory and gap assessment to implementation, training, and value realization.

OUR VISION

"To be the world's leading trusted most preferred partner of performance improvement consulting and training solutions".

OUR MISSION

We accomplish this by leveraging our unparalleled knowledge and experience with a broad range of proven methodologies to serve our clients by providing the highest quality professional services that address their business issues.

OUR VALUES

Accountability | We take responsibility for individual and collective actions.

Collaboration | We work together to achieve collective and individual goals.

Empathy | We go beyond what the customer is saying to discover his unarticulated needs.

Integrity | We do the right thing regardless of the consequences.

Passion | Our energy and enthusiasm are contagious.
We are inspired to make a lasting impact.

WHY

TRIKAY TRANSFORMATION

One umbrella- Is a single source provider for all your process and management system based needs.

Our approach- at the core of our approach is our commitment to listening to our customers. We do not push training and consulting products to those we serve. Rather, we listen to our clients and develop custom solutions that truly meet their needs.

Customers love us - Feedback on our services is consistently excellent.

Our Materials - We have a comprehensive set of critically acclaimed materials, developed by our experts that are continuously updated.

Published Authors - We publish articles on our approach through our website.

Trusted Partner - We create strong partnerships across a wide range of industry sectors to help them enable results.

Relevant - We use a range of practical examples, case studies, videos, and hands-on exercises and activities, interspersed with presentations. And we look to help you see the relevance to your workplace.

Our People - All highly skilled and experienced and 'have been there and done it for real' – they are not pure theorists or academics. They understand the real business challenges that our clients face and help them to overcome them.

Global Delivery Options

- ▶ In-house' at premises of your choice.
- ▶ Through our open programmes.
- ▶ Our online video-based learning programmes.
- ▶ In-house' at our learning and development centre.

Fun - We do believe that working with us should be fun leading to better outcomes

Learning Outcomes - We see learning outcomes as critical to success. We tailor our courses and ensure that all delegates are getting a positive experience and that they will feel motivated and able to apply the tools in practice following training

Call in for support - We have a strong set of ongoing support services that include: (with reason) following training.

Regular networking events - for our clients that allow peers to discuss their challenges and successes together in an informal setting

Our unique 'Business Improvement Zone' an online virtual learning environment full of helpful resources
