

1

Talk to a Dealerwerx Agent to get started.

We will handle all the paperwork so that you don't have to. We will help you price your car to help sell it as quickly as possible. At the end of the day we are here for you.

2

We inspect, clean and advertise your car.

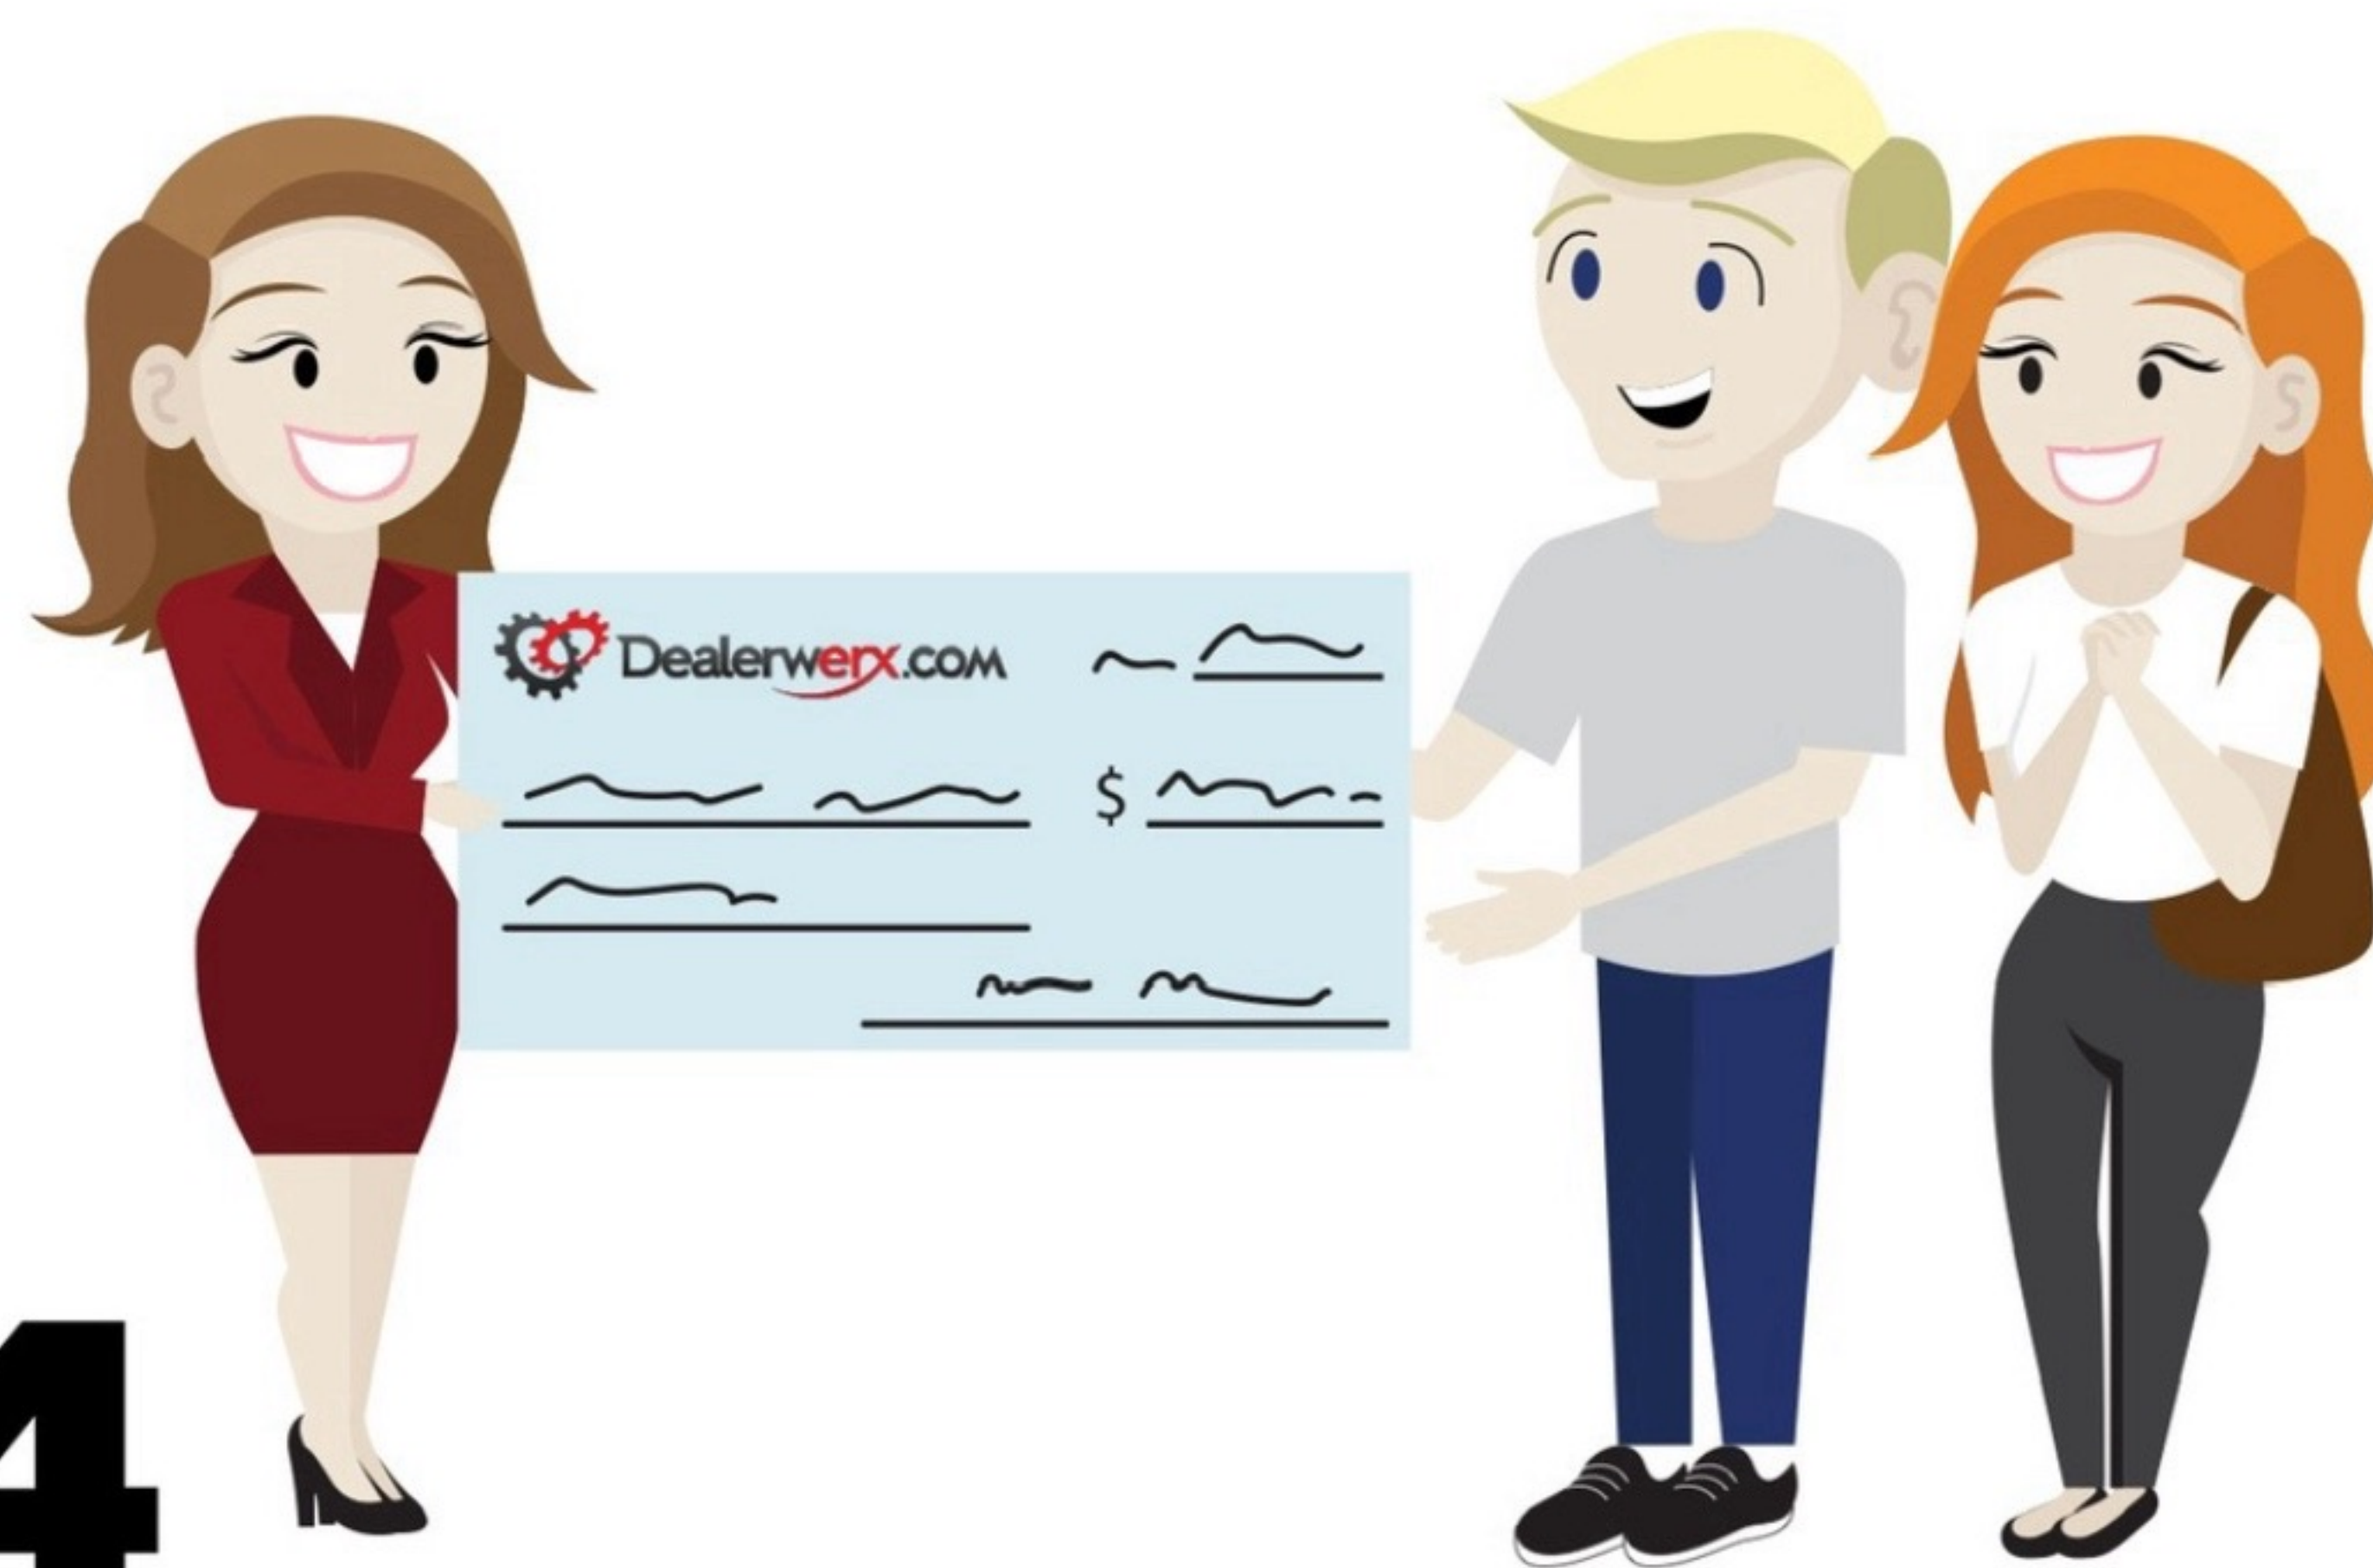

Your car will go through a 150 point inspection, this helps find out if the car needs any work. We will professionally detail your car and drive it in to our studio for it's photoshoot. After completion of the photos we will post it on many third party websites. We will handle all the leads and make sure only qualified buyers see your car.

3

We handle everything.

After your car is consigned we will work hard and make sure your car is getting the attention it needs. We will promote your car as if it was our very own. We will give you on-going advice on where the market is and how to make your car stand out. Our professional sales staff will work hard to get your car sold.

4

When we sell, get paid!

When we found the right buyer for your vehicle we will write a deal. After funds are approved, buyer goes home happy and you get paid.
