LOWE'S TAKEOFF SERVICES FOR PRO MEMBERS

## Personal Pro Sales Specialist You Can Relate Thru the Entire process

-  Time Savings
-  Increased Accuracy
-  Competitive Bidding
-  Cost Control
-  Access to Better Pricing
-  Streamlined Process
-  Project Support

### How it Works at Lowe's (via Pro Desk & FBM)

1. Submit Blueprints
2. AI-Powered Takeoff
2. AI-Powered List & Quote
3. Itemized List & Quote
4. Get Pricing & Delivery

Lowe's takeoff services, often powered by AI through their [Pro Desk](#) and acquired technology like [Foundation Building Materials \(FBM\)](#), provide professional contractors with faster, more accurate material lists from blueprints, leading to better project bids, saved time, reduced errors (fewer change orders), and access to bulk pricing, streamlining large projects and improving overall profitability by handling complex planning digitally.

### Key Benefits for Contractors

- **Time Savings:** Automates complex calculations from blueprints, turning them into itemized lists quickly, freeing you to focus on running jobs.
- **Increased Accuracy:** Reduces human error, ensuring you don't miss materials or over/underestimate quantities, leading to tighter, more profitable bids.
- **Competitive Bidding:** Get bids out faster and with more precise numbers, giving you an edge over competitors.
- **Cost Control:** Prevents costly mistakes and helps identify potential savings through [value engineering](#).
- **Access to Better Pricing:** Qualify for [volume savings](#) and special pricing on materials, notes [Reddit users](#) on the Reddit thread.
- **Streamlined Process:** Digital tools allow for easy file sharing and integration, with FBM offering mobile access to pricing and delivery.
- **Project Support:** Associates at the Pro Desk can assist with planning and accessing wider inventory and delivery.

## KEY BENEFITS FOR YOUR BUSINESS

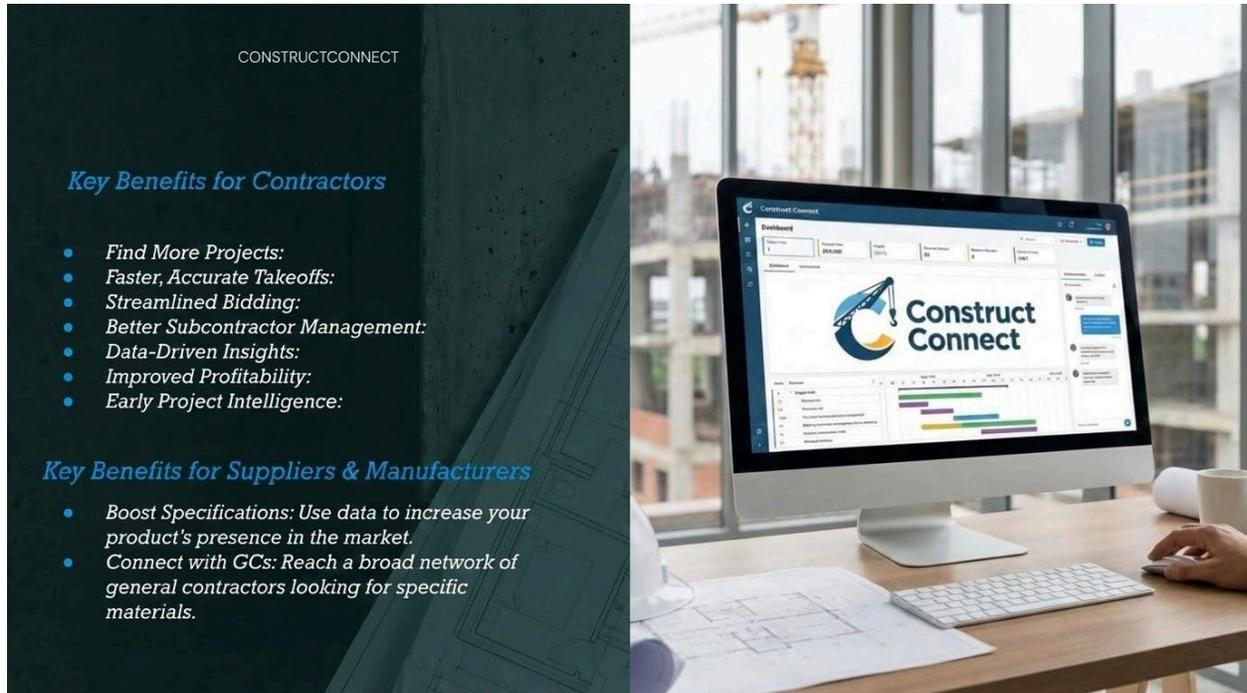

How Pro Sales Specialists Help You on the Jobsite

Pro Specialists act as your guide, solving business challenges and ensuring you get the right materials for projects, from construction to maintenance, saving you hassle and boosting efficiency.

*Having a Lowe's Pro Sales Specialist work for you means gaining a dedicated partner who simplifies purchasing, saves time and money with expert advice, project planning, and bulk savings, plus offering exclusive Pro Rewards, credit options, and streamlined services like online quoting and purchase authorization to keep your business running efficiently.*

**Key Benefits for Your Business:**

- **Expert Guidance:** Get help with product sourcing, project planning, material advice, and accurate quotes from someone who understands trade needs.
- **Time & Money Savings:** Access bulk savings, members-only deals, and streamlined processes to speed up shopping and reduce costs.
- **Convenient Account Management:** Use features like online quotes, purchase authorization for crew members, and multi-delivery scheduling (in select areas).
- **Financial Advantages:** Benefit from flexible credit options, including 0% interest for 60 days with a Lowe's Business Advantage card, says the [Lowe's Corporate website](#).
- **Exclusive Rewards:** Earn points through MyLowe's Pro Rewards for money or exclusive perks.
- **On-Site Amenities:** Utilize reserved parking, priority checkout, and services like windshield cleaning and air stations.

*ConstructConnect helps construction businesses find more projects through its vast database, speeds up estimating with AI-powered takeoffs (like PlanSwift), streamlines bidding with centralized tools, and connects users with subcontractors for better collaboration, ultimately increasing efficiency and winning more profitable work by managing the entire preconstruction pipeline from lead generation to bid submission.*

### ***Key Benefits for Contractors***

- *Find More Projects: Access North America's largest database of private & public commercial projects, with early insights into upcoming work.*
- *Faster, Accurate Takeoffs: Use digital takeoff tools with AI features to quickly get precise material quantities, saving significant time.*
- *Streamlined Bidding: Centralize bid management, automate invitations to bid (ITBs), track deadlines, and collaborate with your team in one platform.*
- *Better Subcontractor Management: Leverage a vast network of subcontractors, ensuring you get competitive quotes and a diverse pool of bids.*
- *Data-Driven Insights: Gain market intelligence to understand economic conditions and boost your product's specification share.*
- *Improved Profitability: More bids, better pricing, and reduced delays lead to higher profitability and smoother project execution.*
- *Early Project Intelligence: Get leads in the planning phase, not just when they're ready for bidding, giving you a competitive edge.*
