V. STATEMENT OF PURPOSE

The American Covenant Party exists to restore the sacred bond between Almighty God, the American people, and the Republic entrusted to their care. We believe that a nation cannot survive on wealth, comfort, slogans, or power alone. A nation must be rooted in truth. It must honor the family, defend the innocent, protect liberty, uphold justice, preserve sovereignty, reward honest labor, restrain corruption, and remember the Lord before whom all nations stand. The American Covenant Party does not organize for vanity, spectacle, hatred, disorder, or personal ambition. We organize to rebuild what has been neglected, to defend what has been entrusted to us, and to labor for a nation worthy of its inheritance. Those who join this movement are called to speak with courage, act with restraint, serve with humility, and build with purpose.

VI. MEMBER COVENANT

I hereby affirm my desire to join or support the American Covenant Party and its mission of national restoration. I understand that membership requires more than agreement in words. It requires a sincere willingness to build, serve, speak truthfully, and represent the movement with honor. I affirm that I will conduct myself peacefully, lawfully, and with dignity in all public and private activity connected to the American Covenant Party. I will not use the name, seal, apparel, symbols, or identity of the Party to promote disorder, hatred, violence, personal harassment, unlawful conduct, or any action contrary to the principles of truth, justice, civic order, and Christian moral responsibility. I understand that apparel, pins, seals, cards, letters, and other member-issued materials are signs of belonging and responsibility. They are to be worn and used with discipline, not as decoration alone, but as a visible reminder of service. I further understand that official representation of the American Covenant Party, including public statements, chapter leadership, media appearances, fundraising, and organized events, must be authorized through the proper leadership or appointed organizers of the Party. With this signature, I place my name forward as one willing to stand, build, and labor for the restoration of the American Republic.
