“Foundations of Glory. Pillars of Peace.”

Commentary on the Continuity and Expansion of Vision: From ARAA to CRGA

The Christian Restoration & Governance Act (CRGA) is a divinely inspired continuation and deepening of the foundational truths laid out in the American Restoration & Accountability Act (ARAA). While the ARAA provided the skeletal structure—outlining the systems to be reformed, the institutions to be reclaimed, and the economy to be sanctified—the CRGA breathes into it the soul, spirit, and prophetic clarity needed to not merely repair a nation, but to resurrect its purpose under Christ.

From Restoration to Redemption

The ARAA called for accountability—a reckoning with corruption, decay, and betrayal in every sector of American life. The CRGA calls for redemption—a reformation of law, finance, media, education, health, and civil order based on the Gospel and natural law.

Where ARAA exposed the rot, the CRGA plants the seeds of renewal—rooted in Isaiah 58:12:

“And they that shall be of thee shall build the old waste places...”

Moral Governance Reimagined

The ARAA reclaims power from globalists, corrupt institutions, and unelected bureaucracies.

The CRGA wields that reclaimed power to build a moral civilization, where leadership is grounded in:

- *Biblical ethics*
- *Sovereign liberty*
- *Public virtue*

Transparent service

This answers the call in Federalist No. 57, warning that leaders must never be above the laws they impose:

“The aim of every political constitution is... to obtain for rulers men who possess most wisdom to discern, and most virtue to pursue, the common good of the society.”

Sacred Economics and Christian Dominion

The ARAA introduced monetary independence and financial reform.

The CRGA declares that all economic activity must serve life, liberty, and Christ:

- *Jubilee cycles to relieve the oppressed*
- *Christian co-ops and land trusts*
- *Debt cancellation and sound currency*
- *Opposition to usury and exploitative capitalism*

This is not socialism—it is the economics of the Bible, rooted in Leviticus 25, Proverbs, and Matthew 6.

Theological Patriotism: Uniting Cross and Constitution

The CRGA embodies a form of theological patriotism—where the Constitution is interpreted not as a secular document but as a covenantal legal structure shaped by divine providence.

- *Freedom of speech protects the preaching of truth*
- *The right to bear arms defends the innocent and just order*

- *Checks and balances mirror fallen man's tendency toward tyranny*
- *Due process reflects the divine image in man*

In this light, CRGA fulfills the constitutional aims of the Founders, while invoking the Kingdom authority needed for an age where evil no longer hides behind neutrality.

Prophetic Fulfillment of the American Mandate

Both the ARAA and CRGA are expressions of a prophetic burden: to prevent America from falling into apostasy and subjugation, and to lead the nations in truth, peace, and order. This is our Pax Americana—but it must be baptized.

The CRGA advances:

- *National spiritual defense (moral and digital)*
- *Covenant-based alliances*
- *Apostolic architecture and cultural symbolism*
- *Christ-centered AI and defense technologies*
- *A new Renaissance of Christian Civilization*

From Accountability to Action

Where the ARAA set forth the demands of justice, the CRGA enacts the blueprint of restoration—not only as legislation, but as a spiritual commission to rebuild America as a holy republic under God.

Together, they are not separate bills but two volumes of a single mission:

- *One to judge the darkness,*
- *One to build the city of light.*

Final Declaration:

We declare that America shall not be lost.

We declare that governance shall no longer serve Mammon but Christ.

We declare that liberty and morality shall walk together once more.

And we declare that this is not the end—but the beginning of the Restoration Era.

In the Name of the Father, and of the Son, and of the Holy Spirit.

Amen.

Opening Prayer for the Renewal of the Nation

“Almighty and Eternal Architect of all creation,

We come before You as humble servants of a nation in need of renewal—not only in stone and steel, but in spirit and truth.

As You once guided Solomon in building the Temple, and as You gave Moses the pattern for the Tabernacle, so now we ask You to give us wisdom to restore our nation with justice, order, and beauty.

Let every beam be laid for Your glory, every corridor serve peace, every archway point toward eternity.

Let our cities reflect Your divine order—where the law is righteous, the people are free, and Christ reigns in every heart.

Bless the hands that build, the minds that design, and the leaders who govern.

Let this generation rise as Nehemiah's wall-builders—undaunted, unified, and consecrated to the great work.

*In the name of Jesus Christ, our Lord and Chief Cornerstone, we pray.
Amen.”*

<i>Youth Summit & Civil Resilience Education</i>	<i>~\$25</i>	<i>- Education grant repurposing</i>	<i>Empowers next-gen civic leaders; reduces future social dependency</i>
--	--------------	--	--

Fiscal Impact Summary

- 1. Resilience-first budgeting**
 - PARA allocates approximately \$850 billion over 10 years, leveraging targeted revenue (e.g., dedicated excise taxes, AI tax) to avoid increasing the debt.*
- 2. Smart offset design**
 - Much of PARA funding is front-loaded by reallocations (e.g., existing defense, VA, DOE/DARPA) and not additive to the budget baseline—thus reducing reliance on borrowing.*
- 3. Growth multiplier**
 - Absent costly mistakes, these programs can boost GDP growth modestly (1–2 pp) while reducing unemployment and fortifying tax bases.*
- 4. Debt containment strategy**
 - With assumed GDP growth via PARA programs, interest-GDP ratio is expected to*

stabilize at ~120–125%, instead of trending upwards—buying critical fiscal latitude.

5. **Interest savings**

– Preventing debt creep and promoting growth may reduce future interest costs, potentially saving hundreds of billions annually.

Why PARA Matters Now

- **Debt is at dangerous levels**—*\$1 trillion in annual interest payments and credit downgrade dangers call for prudence.*

- **PARA is neither austerity nor recklessness**—*it's a moral, growth-enhanced, debt-guarded blueprint.*
- **Aligns moral governance with fiscal sense**—*rejecting growth-free tax giveaways in favor of targeted, tangible national renewal.*
- **Creates a legacy economy**—*where infrastructure, family, faith, and future prosperity aren't sacrificed at the altar of Big Finance.*

Conclusion

By grounding PARA's programmatic structure in real-world budget constraints and fiscal dynamics, we demonstrate:

- Moral stewardship of taxpayer money
- **Preventive economics**-protecting against inflation, stagflation, and bond repricing
- **Generational impact**-rebuilding families, communities, technology, and national resilience

PARA is not an expensive wishlist-it's a covitionally sound investment in both the soul and the future of America.

THE PAX AMERICANA RENAISSANCE & ARCHITECTURE ACT

(Lex Architectonica Reipublicae Restaurandae)

Presented before the United States Congress

In the Year of Our Lord 2025 **MMXXV**

An Act

To restore the spiritual, civic, and physical infrastructure of the United States through a national renaissance in architecture, engineering, and cultural design—reviving the beauty, dignity, and strategic cohesion of the American Republic.

Introduced by:

Seth Winslow Young

On behalf of the People of the United States

Under the Banner of the American Covenant Party

Bill Number: H.R. ——— (To be assigned)

Committee Referral: Committee on Transportation and Infrastructure; Committee on the Interior and Insular Affairs; Committee on Armed Services

SECTION I – NATIONAL PURPOSE & JUSTIFICATION

“Restoring the Foundations of a God-Blessed Republic”

§101. Declaration of Intent

The United States of America, in order to preserve its divine inheritance, secure the blessings of liberty, and provide for the cultural and spiritual well-being of its citizens, hereby proclaims a national mission of civic restoration. The purpose of this Act is to initiate and institutionalize a multi-decade infrastructure renaissance that renews American architecture, engineering, and city planning in accordance with the classical, Christian, and republican ideals upon which the nation was founded.

This Act shall lay the groundwork for the design, development, and construction of:

- Grand civic halls, courthouses, state capitals, and municipal buildings
- National monuments and sacred memorials to American heroes and divine providence
- Roads, bridges, highways, and transit networks that connect the nation with order and dignity
- Strategic federal infrastructure, including research centers, military installations, and federal agency headquarters
- Restoration of beauty, order, proportion, symbolism, and permanence in all national projects

The United States hereby asserts that physical design is not morally or politically neutral. Cities and buildings form the conscience of a people. Architecture is theology cast in stone; it either points upward toward God and virtue—or downward into chaos and despair.

This Act recognizes that without reverence, without harmony, and without moral authority in the very structure of our nation, the American people lose their memory, their dignity, and their destiny.

§102. Constitutional Foundation

This Act is justified under the following constitutional principles:

- Article I, Section 8 – empowering Congress to provide for the general welfare and to fund national infrastructure and civic institutions.
- The Preamble – committing the government to establish justice, ensure domestic tranquility, and secure the blessings of liberty.
- The 10th Amendment – allowing states and the people to work in partnership with federal authority for local and regional revitalization.

§103. Moral and Civilizational Imperative

The collapse of beauty in the built environment parallels the collapse of virtue in the body politic. As Thomas Jefferson once wrote:

“The art of architecture is among the most useful and most honorable of all arts. It unites taste with convenience, and displays the power of a people.”
— Thomas Jefferson, *Notes on the State of Virginia*

As Scripture proclaims:

“Unless the Lord builds the house, the builders labor in vain.”
— Psalm 127:1

The loss of grandeur, dignity, and sacred space in American public architecture has contributed to a society that no longer reveres the transcendent or honors the eternal. The Pax Americana Renaissance shall reverse this trend.

We restore not only roads and bridges—but the American soul.

Legal & Philosophical Justification for Section I

1. U.S. Constitution – Preamble; Article I, Section 8; 10th Amendment

2. Holy Scripture – Psalm 127:1; Proverbs 24:3–4; Isaiah 58:12
3. Jeffersonian Civic Philosophy – Jefferson’s letters and architectural plans, emphasizing public virtue and neoclassical design
4. Natural Law Theory – Thomas Aquinas, *Summa Theologiae*, I–II; Law must order society toward its true good
5. Classical Aesthetics – Vitruvius, *De Architectura*; Beauty, durability, and utility are the triad of public design
6. Modern Support – Executive Order 13967 (2020) on Promoting Beautiful Federal Civic Architecture (rescinded in 2021 but cited for justification)

SECTION II – INFRASTRUCTURE ZONES & PROJECT TYPES

“Laying the Stones of Restoration: National Blueprint for Renewal”

§201. Establishment of National Infrastructure Renaissance Zones (NIRZs)

3. Founding History

- The National Road, the Pony Express, and Eisenhower’s Interstate System unified America in times of crisis
 - Rome’s dominion was built on its roads; so too must America renew its own

4. Economic & Strategic Value

CONCLUSION OF THE CHRISTIAN RESTORATION & GOVERNANCE ACT

(CRGA-2025 Final Assembly Text)

**Presented before the People and the Nation, under Divine Authority and
Constitutional Mandate**

**We, the framers and stewards of this document, present this act not as the final word
in American renewal, but as the first word in a new covenantal age—one anchored in
the supremacy of Jesus Christ, the principles of ordered liberty, and the indwelling
power of the Holy Spirit to heal a fallen republic.**

Each section and statute within this Act has been prayerfully designed to:

- *Reorient America's governance around virtue and truth*
- *Restore the blessing of moral order and justice*
- *Rebuild our institutions with honor, strength, and biblical reason*
- *And reestablish our collective destiny under the sovereignty of the Most High God.*

**This is not a partisan platform, nor the agenda of any interest group. It is a Declaration
of Return—to the Law, to the Cross, to the soul of our land.**

As it is written:

“Righteousness exalteth a nation: but sin is a reproach to any people.” — Proverbs 14:34
“And the government shall be upon His shoulder.” — Isaiah 9:6

**Let this Act serve as a foundational stone for the American Covenant, binding not by
coercion, but by conscience; not in ambition, but in awe; not by tyranny, but by truth.**

To our adversaries, this Act is a warning.

To our citizens, this Act is a lifeline.

To our children, this Act is a torch.

To our God, this Act is an offering. We therefore submit this entire legislation to the jurisdiction of Heaven, the judgment of history, and the action of this Congress. Let it be written. Let it be done

CLOSING PRAYER

As offered before the People, the Congress, and the Courts of Heaven

*O Sovereign Lord Jesus Christ, Ruler of the Nations,
We offer this Act—this covenantal scroll of restoration—before Your holy throne.*

We have strayed as a people, but now we return.

We have bowed to idols, but now we kneel only to You.

We have legislated darkness, but now we proclaim light.

Seal this work with Your Holy Spirit.

Breathe upon it with resurrection fire.

*Let it reach the humble, the hurting, the leaders, and the laborers.
Let this be a sword against wickedness and a balm for the broken.*

Forgive us, O God, for apathy, for corruption, for silence.

Now clothe us with courage, conviction, and clarity.

Let our Republic not only survive, but shine—

As a nation under God, indivisible, repentant, and redeemed.

*From the farms to the factories, from the mountains to the coasts,
May every city cry: "Blessed is the Nation whose God is the Lord."*

Establish this Act in Heaven and on Earth.

Let Thy Kingdom come, and Thy Will be done.

In the name of Jesus Christ, the Son of the Living God, we pray.

Amen.
