OLDER KIDS ACTIVITIES

We know that many of our younger students are eager to participate in the Older Kids' activities. Although these activities are more challenging, the privilege isn't based solely on their skill level. Many of our 4th and 5th graders have been in CAS for several years and look forward to having their own space and activity. Please tell your K-3rd graders to hang in there. They're already growing up too fast! In the meantime, CAS takes great pride in our awesome activity choices for *all* grade levels which include several core curriculum areas: Music, Drama, Art, Literacy & Language Development, Math, Science & Nature, Engineering, Social Emotional Learning, and Physical Play. So, let's have fun!

APRIL 2025

PARENT SURVEYS: THE RESULTS ARE IN...

Thank you to everyone who completed the survey to let us know how we're doing. This school year, CAS has an overall approval rating of 98.5%. WOW! Please visit our website and select the 'About' tab to see the overall results. CAS will continue to work to meet your child care needs and to make your family's participation with CAS a positive experience. Thanks again for taking the time to provide your valuable feedback!

DID YOU KNOW?

Care After School is licensed by the Ohio Department of Children and Youth, who set the guidelines for after school snacks. Two food groups are required to be offered each day. We set even higher standards. At CAS, your child also receives a fruit or vegetable every day. Additionally, at least two protein-rich snacks are served every week, and we do not offer snacks that are high in sugar with low nutritional value. Although our snack is not intended to be a meal, children are always permitted to pack additional or alternate snacks to eat during this time.

STAFF SURVEYS

While you were busy completing our annual Parent Survey, CAS staff members were completing a survey of their own. Each year, we gather input from all employees anonymously. Each staff member is given the opportunity to share their employment experience with CAS Board Members and Administration. We are very proud to announce that 100% of CAS employees enjoy their job! **Please see page two** for some direct quotes from those surveys.

I LOVE GETTING INVOLVED WITH THE KIDS WHILE THEY
PLAY A GAME OR CREATE A FUN CRAFT!

**I love seeing the development
of the children on a daily
basis, and playing a part in it**

I ENJOY COMING TO WORK KNOWING I'M
MAKING AN IMPACT ON THESE KIDS.

My favorite part of the job is
spending time with the kids and
playing outside with them.

I love interacting with the kids and
creating fun activities for them. Also,
being able to teach them new things
and watch their creative ideas come
to life.

**I just love that I'm able to help
kids!**

The best part of my job is creating
hands-on experiences for the kids

What I love best is giving the kids
new opportunities to grow and
explore new things

WHEN A CHILD SEES ME OUT TO TELL ME
SOMETHING ABOUT THEIR DAY, THAT'S THE BEST
FEELING!

I love impacting the lives of
others in a positive way...Kids
and adults!

I enjoy building
relationships with the kids
and helping them grow

I LOVE BEING ABLE TO
MAKE A DIFFERENCE TO
THE KIDS, AND ADDING
SOME FUN TO THEIR DAY

I love watching the kids interact
with each other and helping them
develop into kind people

**If I'm having a bad day, I
come to work and the
children make it better just
being themselves**

I REALLY ENJOY BONDING WITH THE KIDS AND
DOING EVERYTHING I CAN TO MAKE IT A GOOD
DAY FOR THEM

I love getting to know the
students so well, and becoming
an important part of their day.

*There's never a dull
moment!*

SEEING THE KIDS COME IN IN, TALKING
ABOUT THEIR DAY. THAT MAKES MY DAY!
