

Some Public Places to Play in Johnson County

An organized group of active adults enjoying pickleball !!!

Pickleball is the fastest-growing sport in the nation. It's a mini version of tennis played on a badminton sized court. It may be a funny name but it is fun, social and friendly. It is easy to learn, fast paced while providing great exercise! Although similar to tennis it has the added elements of table tennis, badminton and even racquetball.

New players are always welcome, we have loaner paddles, loaner balls and nets are provided. To learn more about our group, contact any one of our Pickleball Johnson County (PJC) USA Pickleball ambassadors below.

Free lessons for beginners are available.
