<b>REPLACEMENT PAYMENT PERCENTAGE</b>							
Beginning in FY 2021-2022, the amount of commercial & industrial replacement payments paid by the State of Iowa to local governments becomes limited by the total amount of payments made in FY 2016-2017. This limitation of total dollars available for repayment of commercial & industrial replacement claims may cause all payments to local governments to be pro-rated. The amount of proration necessary for the budget year will not be known until August, but the dropdown below will allow the estimated commercial & industrial replacement payments to be reduced by a selected proration percentage.							
To reduce that estimated amount of commercial & industrial replacement payment budgeted for the coming fiscal year, complete an esitmation of the replacement payment above. Once complete, select a proration percentage from the list below. The proration percentage will limit the amount of estimated replacement payment budgeted. This will hopefully prevent an over estimation in the budget year revenues.							
<b>Proration Percentage</b>
