---	--	---

Purpose of This Disclosure

This product is a designated cleaning product under California Health and Safety Code §§ 108950–108960 (Cleaning Product Right to Know Act of 2017). Rat Race Spray LLC posts the following information in an electronically readable format as required by Health and Safety Code § 108954.5.

Intentionally Added Ingredients

Listed in descending order of predominance by weight. Ingredients present below 1% may appear in any order after Water. No fragrance ingredients. No colorants. No fragrance allergens.

Ingredient	CAS No.	Function	Designated List
Water	7732-18-5	Solvent / diluent	Not listed
Sodium Chloride	7647-14-5	Electrolyte	Not listed
Sodium Hydroxide	1310-73-2	pH adjuster / alkaline cleaning agent	CA Non-Cancer Hazards (OEHHA RELs)

Nonfunctional Constituents

No nonfunctional constituents are known to be present at or above 0.01% (100 ppm). 1,4-Dioxane is not present at or above 0.001% (10 ppm).

Designated List Information

Sodium Hydroxide appears on the California Non-Cancer Hazards list because the Office of Environmental Health Hazard Assessment (OEHHA) has established a Reference Exposure Level (REL) for the substance. Sodium Hydroxide is not listed on California Proposition 65.

- Sodium Hydroxide — OEHHA chemical page: <https://oehha.ca.gov/air/chemicals/sodium-hydroxide>
- OEHHA REL summary:
<https://oehha.ca.gov/air/general-info/oehha-acute-8-hour-and-chronic-reference-exposure-level-rel-summary>
- Proposition 65 list: <https://oehha.ca.gov/proposition-65/proposition-65-list>

Safety Data Sheet

A Safety Data Sheet (SDS) for Liquid Magnet is available at www.RatRaceSpray.com. For additional ingredient information, visit the website or call (888) 599-0260.

Notes

This disclosure applies to Liquid Magnet manufactured and bottled by Rat Race Spray LLC. The formula is electrolyzed alkaline water with sodium chloride electrolytes, producing sodium hydroxide in situ. Update this document if the formula changes.
