

Hope is defined as
“a feeling of expectation
for certain things to
happen”.

DID YOU KNOW?

In a recent survey, only 34% of the respondents acknowledged they had dental coverage.

Only 30% acknowledged they had hearing aid allowance.

Only 25% knew they had medical transportation allowance.

The simple truth is that 50% of those in the survey did not have an Insurance Agent to guide them through the maze of options.
