Detroit rePatched Summer Arts Program

Registration Deadline: July 5, 2024

First-come first serve basis! Maximum 12 participants per session.

ABOUT

Live Coal's mission is to transform lives and neighborhoods through art, community development, and education. We believe equitable access to art, artists, art materials, and art spaces is vital to the vibrancy and health of children, individuals, families, and communities.

Our two main programs are The RED and Detroit rePatched. The RED is an interactive children's art museum in Detroit's Piety Hill neighborhood that will open to the public starting in the summer of 2024. The RED organizes programming centered around children being artists! It features a permanent collection of children's art, an early childhood and literacy room, a Lego room, an art-making room, an exhibition space, and a gift shop. Detroit rePatched is an arts-infused green space and art hub in Detroit's Brightmoor neighborhood where we connect art + home, art + land, and art + people. We are building partnerships with local Brightmoor leaders and organizations to provide mutual support for one another while serving Brightmoor residents of all ages and stages of life.
