# DECORATION & FINISHES.

At Heritage Art Decor we can add a touch of elegance to your home. Using paint, these **finishes** create accents and effects that produce a distinctive look. **Decorative finishes** have been used to beautify buildings for thousands of years, and are still a popular option for creating customized spaces.

**Finishes** are used in the final part of the **construction** or manufacturing process, forming the final surface of an element. They can protect the element they **finish** from impact, water, frost, corrosion, abrasion, and so on, and/or they can be decorative

# COMMERCIAL & INDUSTRIAL WORKS.

Fit-out and Commercial Service plays a major role in Heritage Art Decor. This part takes a wide range of different forms for instance: Scoping, Interior Design, Cost Review, Pre-construction, Construction and Commissioning.

**COMMERCIAL  
FINISHES.**

“

A construction site at sunset. In the foreground, two construction workers are silhouetted against the bright orange and yellow sky. One worker on the left is holding a mobile phone. In the background, a large tower crane is visible, and several workers are silhouetted on a complex network of scaffolding. The overall scene is a tribute to the construction industry.
