**Prints from Digital Files**

**Coming Soon!**

• We are currently working on producing negatives from digital files - prices to be confirmed. Once a negative has been produced, prints will be as per the above list.

**DIY Darkroom Workshops**

- We are holding regular workshops on introduction to film photography, processing black-and-white films, basic darkroom techniques, alternative processes and advanced darkroom techniques.
- If you are interested in learning the art of film photography and darkroom techniques, which can save you considerable cost in the long run, contact us today for details of the next workshops.

**Become a Focal Point Member and Hire Our Darkroom For Your Own Work.**

- If you already know how to process and print, why not hire our darkroom for your own projects and save money while gaining more satisfaction from your film photography.
- Darkroom hire is only available to Focal Point members. Memberships are free for students, \$50 per year for concession card holders, and \$80 per year for full membership.
