

Tails & Tales: Stories of Sweden's Wild Animals

Join ASHM for our Virtual 2021 Summer Program
to discover the magic and mystery of Scandinavian wildlife!

In this activity-filled program, we'll talk about the Scandinavian people and their ties to local wildlife throughout history - an epic tale of predator versus prey! Learn about the animals through folk art, tales, traditions and conservation with the American Swedish Historical Museum. We will explore the world of Swedish fauna, from Dala horses and enchanted creatures to the national animal; the Moose! Families will learn about animal tracks and facts while we create our own interpretation of some of traditional crafts.

Ask a librarian about how to register!

Target Age:
Elementary (K-6th)

Held on Zoom:
