

Darryl Wood

Phone: (757) 718-2814 Email: DarrylWoodCreates@gmail.com

Objective: 3D Animation; Prop Design, Environment, Hard Surface Modeler

Summary of Qualifications:

Trained in Autodesk Maya, Toon Boom, Adobe Final Cut Pro, After Effects, Audition, Illustrator, Photoshop, Substance Painter, and Microsoft Power Point.

Experienced photo/video editor with an eye for detail and timing. Proficient in Adobe Suite tools for color correction, digital enhancement, and image composition. I have twenty years of experience in photography, photo editing, image archiving/file management, videography, video editing, audio, and graphic design work. As a recent graduate of an Animation program, I am seeking opportunities to create engaging content within the 3D animation community.

- Detail Focused
- Customer Oriented
- Creativity Driven
- Communicator
- Collaborator

Work Experience:

Attention Focused

- Meticulous postproduction on 210 studio photo retouching, color correcting and resizing to meet customers' needs.
- Cataloging over 600 studio photographs for quick retrieval on request with 100 percent accountability of all images.

Creativity Driven

- Versed in photography, videography, and graphic design supporting production of videos for broadcast and social media release, documenting ceremonies both formal and informal, and designing graphics for print production.

Team Motivator

- Managed teams of 5 to 10 photographers/videographers ensuring captured media supports the customer's vision for the final product.
