## **Chapter 1: How You Approach Life and How You Appear To Others**

### *Aquarius Rising:*

Forward-looking and progressive, you are a person who supports change, innovation, and human advancement, and you are often strongly committed to a humanitarian cause or social improvement. You are extremely aware of the interconnection and interdependence of all people, and are always relating personal issues to some larger framework. You see the political or social ramifications of personal actions, and you wish to contribute something of value to the world, or at least to your community or group.

The ideals of equality, fairness, human rights, brotherhood, social justice, etc. color your whole outlook and approach to life. You are truly interested in the good of the whole and not only your own personal well-being.

Sometimes you may overlook or ignore your own and others' personal needs, desires, and feelings, especially if they do not conform to your ideals of how one SHOULD feel or act. Though you have little patience for conservative narrow-mindedness, you yourself are sometimes dogmatic about your beliefs and ideologies.

You are attracted to the avant-garde, the latest advances in human thought and development, and you are eclectic and cosmopolitan in your tastes. You may consider yourself a "global citizen" rather than claiming a narrow, limited identification based on nationality, race, familial heritage, etc. You are strongly influenced by your peer group and the flavor of the times in which you grew up, more so than by parental or family influences. You are involved and active in groups, community efforts, cultural and progressive movements.

On a personal level, you are friendly and express a kind of impersonal good will towards others. You probably have many acquaintances but few really close friends, and much of your closeness with others is based on a sharing of common ideals and principles, rather than on emotional ties. Others see you as a good friend and comrade, who is objective, fair, and rather detached emotionally. You do not often show your emotions, and may be unsure how to respond to others' emotional expression, for you tend to be very rational.

You are also very independent and refuse to be possessed by any individual. You are not comfortable with traditional sexual roles and are inclined to have "liberated" views about marriage, relationships, sharing of child rearing responsibilities, etc. You need to have a life outside of the personal, domestic sphere and to be involved with people on a broader scale. The nurturing of family ties, and close, deep, personal sharing may take a back seat to your work or outside social involvements.

## **Chapter 2: The Inner You: Your Real Motivation**

### *Sun in Leo:*

Proud and intensely individual, you really want to stand out, to be the very best you can be, and to be recognized and appreciated for your unique contributions. Doing something well and being respected for it is extremely important to you, and you cannot tolerate being in the background, taking orders from others, or being "just one of the team". You must put your personal stamp on whatever you do, and direct your own course in life. You need to have a place where you can shine, express yourself creatively, and be the one in charge.

You have big dreams and the determination, spirit, vitality, and enthusiasm to bring them into being. You also

have a noble, romantic heart, and a love of the dramatic, colorful, and extravagant.

For you it is true that "all the world's a stage" and you secretly (or perhaps not so secretly) desire to be the Star or Hero in the play. You want to be great, and to receive the love and applause of an adoring audience, even if the "audience" is just one other special person. You need someone to believe in you and your dreams. Though you appear radiantly self-confident and independent, you are actually very much dependent on the affirmation, love, and recognition of others. You cannot bear being unnoticed or unappreciated.

You also love wholeheartedly and generously and really know how to make the person you love feel special. You love the magic of "being in love" and know how to keep the romance alive in your relationships. You are also immensely loyal and will defend your loved ones and stand by them to the end - as long as they never offend your pride or betray your trust. However, you like to be the strong one in a relationship and you really do not share the leading role very easily. Ideally you need to find a person who is as strong-willed as yourself, but who will not try to dominate or compete with you.

Your strengths are your zest and love for life, your creative power, and your warm and generous heart. Your primary fault is your tendency to be very egocentric, so concerned with the impression you are making and with your own creative self-expression that you forget there is another, larger world that does not revolve around you.

*Sun in 6th house:*

Your energies are directed to either perfecting your techniques, skills, and abilities in work, or in "perfecting", refining, and improving yourself as a person. Critical analysis and attention to minute detail are intrinsic in either process. The urge to bring about a state of wholeness or optimal functioning is a strong motivation of yours, and you are quite a perfectionist!

You can easily become overly identified or involved with the function you perform, with your work, or with your own health and "growth process".

### **Chapter 3: Mental Interests and Abilities**

*Mercury in Virgo:*

You are an exacting perfectionist with a clear, logical, analytical mind and an aptitude for work that requires meticulous attention to detail and efficient organization. Well-grounded and pragmatic, you tend to develop specialized skills and technical expertise in some practical field. Knowledge, ideas, and theories don't really interest you unless they are useful in a tangible way. You are inclined to analyze, measure, and dissect everything and to miss nuances, subtle shades of feeling and meaning. Your strengths are in your precise thinking, careful craftsmanship, and mastery of technical skills. You tend to be very good at what you do and critical of others' work if it does not meet your high standards.

*Mercury in 7th house:*

You are often involved in verbal exchanges, interviewing, discussing, debating, counseling, negotiating, getting and giving feedback, and sharing information. You are drawn to intelligent and verbal people, with whom you can communicate and from whom you can learn. You love to have an audience to hear your ideas, and you also appreciate eloquent presentations by others.

## **Chapter 4: Emotions: Moods, Feelings, Romance**

*Moon in Virgo:*

You are very sensitive, cautious, and shy about showing others your feelings. Though you may love and care for someone a great deal, you rarely express those feelings openly and freely. Very often your love for someone will be expressed by trying to help them, doing something tangible to benefit them, or serving them in some way.

It is also difficult for you to receive warmth, affection, or appreciation, for you often feel that you don't really deserve it or that "they don't really mean it". You can therefore seem rather cool and aloof, much more so than you feel.

A deeply ingrained critical attitude often makes you difficult to live with. You need to learn to be gentler and less of a perfectionist with others and with yourself.

*Moon in 7th house:*

You depend a great deal upon other people for emotional support and you have a large "family" of friends that care about you and treat you as kin. The women in your life are particularly important to you, and your relationship with them powerfully influences your sense of security and happiness. You may be overly dependent and unsure of yourself without a close partner.

*Moon Square Jupiter:*

You have a buoyant, cheerful disposition and reach out to others in a warm, open, friendly way. Your emotional generosity and lack of pettiness is well known among your circle of friends, and people often seek you out for help, sympathy, or advice. You are always willing to overlook others' faults, and you sometimes overdo your charitableness.

*Venus in Virgo:*

You are quietly devoted and faithful to your loved ones, and often become a kind of servant to your love partner. You are more comfortable showing love for someone by doing something for them, making something for them, or simply being there for them - rather than telling them so in a romantic, soul-stirring sort of way. You are timid about expressing too much sentiment or emotion. You also underestimate your attractiveness and lovability and doubt your own worthiness to receive love and appreciation.

*Venus in 7th house:*

You are a very personable, affectionate, loving friend and will always have many people in your life who love and cherish you. You prefer being with others rather than on your own, and you feel very incomplete without a special person in your life to share your love with. Being half of a close, loving couple is very important to you.

You are a peacemaker, the one who adapts, harmonizes, and makes concessions for the sake of the relationship. Your charm and agreeableness makes you very popular.

*Venus Conjunct Uranus:*

You are excitable, spontaneous, and easily aroused emotionally and sexually. You fall in love very quickly and have little self-restraint or concern for propriety when your feelings have been stirred. However, it may be difficult for you to sustain a relationship after the first rush of excitement wanes, especially if your partner is basically a conservative person who does not like to change or experiment. Nontraditional relationships appeal to you, and personal freedom is highly important to you.

## **Chapter 5: Drive and Ambition: How You Achieve Your Goals**

*Mars in Libra:*

You seesaw between being too pushy, confrontational, and insistent on doing things your way, and being too eager to please, without a clear, definite goal of your own. You strive for a balance between acting independently and assertively - and working cooperatively and interdependently with others. You may feel frustrated at times that you cannot simply do what YOU want to, that you must always accommodate the needs and desires of others. Or you may feel hesitant to act in a positive, assertive manner if you do not have the support and approval of other people. Either way, you are not a loner. You achieve your goals by collaborating and joining forces with others, by being a team player. You are very concerned with the concept of fairness and become quite indignant and vocal if you sense someone is being taken advantage of. You avoid extremism and favor a balanced, moderate approach to living. You are unlikely to push yourself too hard or to become fanatically driven to reach your goals.

*Mars in 8th house:*

You meet numerous challenges and possibly defeats in pursuit of your goals and desires, and your setbacks often occur because you've been too rash or intent on working your own will regardless of the impact on others. You are intense and passionate, and simply don't know when to stop sometimes! Recklessness with others can be a problem for you.

*Mars Trine Jupiter:*

Your self-confidence and vitality are strong and you believe you can do just about anything you want to. You have an enterprising spirit, a good sense of timing, and the ability to sense what will succeed and what won't. You usually make fortunate decisions in work or business activities. You enjoy healthy competition and you have a rather playful, good-humored attitude toward it. You mostly compete with yourself to see how far you can go or how much you can accomplish. You like to keep stretching your limits.

## Chapter 6: Other Influences

### *Jupiter in Gemini:*

You have the ability to see connections between seemingly unrelated ideas or worlds, and to bring them together. You excel in any field requiring clear intellect, and verbal and communication skills. You have an insatiable curiosity and may read or watch television constantly in order to satisfy your need for mental stimulation. Your mind never stops.

### *Jupiter in 4th house:*

You are very hospitable and love having a large, comfortable, gracious home where you can welcome guests as well as family. Your childhood or heritage was very nourishing and supportive, giving you a solid, emotionally secure basis for your life, and you are therefore inclined to share what you have freely and generously.

Investing in your home or real estate is likely to be very rewarding for you.

### *Saturn in Pisces:*

You often have a sense of longing or homesickness for something you cannot name or specify, and you may have both a great attraction toward, and fear of, mysticism and parapsychology.

Overcoming feelings of fear, guilt, anxiety, loneliness, or oversensitivity is an important task for you.

### *Saturn in 1st house:*

You have a mature, disciplined, serious attitude toward life which colors everything you do. Caution and realism are your virtues though you limit yourself at times by being too careful, shy, or fearful, and not believing in yourself enough or being assertive when necessary. Others find you difficult to get to know intimately, as you tend to distance yourself from them or to put forth a rather stern, "adult" face to the world.

### *Saturn Opposition Uranus:*

You seesaw between playing it safe, and doing something unique and original, between self-control and letting loose, between being a responsible adult and a rebellious adolescent, between what you have to or should do and what your spontaneous impulses tell you. All of this creates enormous inner tension as well as friction with people in your environment. You may, for instance, bitterly resent the government or authority figures who "crush your individuality", and yet ignore your obligations and responsibilities, thus ensuring that they will come down on you. Learning to give each side its due is an ongoing challenge for you.

### *Saturn Opposition Pluto:*

You feel that you must work very hard and struggle against tremendous odds which block your chances of fulfilling your life. You may adopt a very hard, cynical, or nihilistic attitude which will only pull you further down. Severe problems with your father or those in authority are indicated. You may fail simply to spite "them", without realizing you hurt yourself primarily. If you can overcome your feelings of loneliness, bitterness, or isolation, and direct your energies into constructive arenas, you can be immensely effective for your tenacity and potential for achievement is great.

### *Saturn Trine Neptune:*

You are very sensitive to the inner qualities of sincerity, honesty, integrity, and good will. You notice these qualities (or the lack of them) more quickly than others and bring them up frequently. You are philosophical about life and very perceptive, but may have an exaggerated sense of your own wisdom and depth of understanding of religious, metaphysical, artistic, or intuitive subjects.

### *Uranus in Virgo:*

You are part of a 7 year group of people who employ their skills and creativity to bring about a great deal of practical reform in education, medical care, and other social services. Your innovations are not radical or unusual, but they are usually effective.

Your generation also has a curious mixture of both conservative, ethical people, and rebellious, disruptive people. There seems to be little middle ground for your age group, and you swing to one extreme or the other. The conservative people strive to reinstate strict moral standards, want to swiftly punish criminal behavior, and strive to highlight the importance of old-fashioned values in our lives, laws, and overall life style. On the other hand, the rebellious people of your generation are angry at the established way of doing things and act in a defiant, crude, and coarse manner.

### *Uranus in 7th house:*

You need a lot of freedom in your close one-to-one relationships and you may experiment with nontraditional forms of relationships. You rebel against conventions and restrictions when it comes to marriage or personal relationships, and you're likely to choose a highly unusual, eccentric, or unconventional partner.

### *Uranus Conjunction Pluto:*

You were also born during a period that lasted approximately 5 years and is characterized by extreme restlessness and an impatient, dynamic attitude towards life. You are part of a group of people who can be explosive and even violent in their reactions to situations. You do not tolerate being restricted, and your age group rebels with force and anger against oppressive situations.

### *Neptune in Scorpio:*

You are part of a 14 year group of people that have very intense psychic sensitivity and imagination. Your age group is very attracted to the strange, weird, and unusual. The sense of the macabre and bizarre is strong, and this is reflected in much of the music, art, and fashions of your age group. Novels and movies with mystery and chilling suspense are also popular with your age group. Emotional depression, drug use, and suicide are likely to be relatively high in your age group. There is also a deep mystical sense, and Eastern religions and meditation are very attractive to your age group.

### *Neptune in 8th house:*

You have a very active imagination and powerful fantasies. You may develop an interest in the supernatural, psychic phenomena, or occult subjects. You may have strange fantasies and/or nebulous fears of "ghosts", "the astral plane", or death. It's better for you not to dabble in such areas unless you are thoroughly grounded in the practical world as well.

### *Neptune Sextile Pluto:*

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

### *Pluto in Virgo:*

You are part of a 15 year group of people that are driven by the need to find an ethical standard and a clear sense of what is right and what is wrong. There is a subconscious drive to straighten out all the world's evils and create a world of perfect order. There is a feeling of repulsion to anything ugly, dirty, or grotesque. Oddly enough, there is also often a fascination with these very things that are so distasteful, and often a feeling of hopelessness and despair about the world's condition.

These inner, emotional and conflicting qualities are reflected in the attitudes and life styles of your generation. Most people of your age group are conservative and ethical, and a small minority goes to the opposite extreme and relishes being strange or unusual in appearance, and sloppy or even grotesque in manners and appearance. There seems to be no middle ground for your generation. Usually, the rebellious type of behavior comes out during adolescence, and tends to subside thereafter, and your age group tends to be very conservative in later life.

Your age group is not very good at compromising and tends to have strong ideas about what is right and what is wrong. There is a strong feeling that you must extinguish evil in the world. Certainly, fostering good works is very commendable, but a categorical and simple-minded response to complex issues is not helpful. Your age group will undergo great transformations in attitudes regarding Good and Evil and will swing to great extremes. Your generation will also make great contributions in the areas of medicine and nutrition, ecology, and education.

### *Pluto in 7th house:*

Emotional intensity, compulsive attraction, and a sense of fate or destiny characterize your one-to-one relationships. It's as if you simply cannot have light, superficial relationships; they are inevitably profound, intense experiences which reveal your depths to you. You may be drawn to powerful, charismatic, willful people that challenge, thwart, and ultimately evoke your own power and strengths. Your marriage is likely to be the arena for your greatest growth.
