

JUST BECAUSE BREASTFEEDING IS *natural* DOESN'T MEAN IT'S *easy*.

Nearly **60%** of parents don't breastfeed for as long as they intend to when they encounter unexpected challenges throughout their breastfeeding journey. An International Board Certified Lactation Consultant (IBCLC), can help you find custom solutions and meet your breastfeeding goals.

Common issues an IBCLC can help you address include:

- Trouble latching
- Sore nipples
- Milk supply
- Clogged ducts
- Mastitis
- And more

WHAT IS TLN?

The Lactation Network (TLN) is the nation's largest network of IBCLCs, connecting families with insurance-covered lactation consultations, breast pumps, and the resources they need to thrive.

HOW TLN CAN HELP YOU

At TLN, we believe that lactation care is a human right and that every family deserves expert lactation support. Our IBCLCs provide compassionate, inclusive breastfeeding support for you and your baby for the duration of your journey. **97%** of TLN parents would recommend us to a friend.

WHAT TLN PROVIDES

- ✓ Effortless connection with an available IBCLC for multiple insurance-covered consultations
- ✓ At-home, in-office, and telehealth appointments in all 50 states
- ✓ Insurance-covered breast pumps and supplies
- ✓ Unlimited access to educational resources
- ✓ Quick, thoughtful assistance from our 5-star care team
