Cindy Simpson, Editor

HOA MEETING: FIRST FRIDAY OF  
THE MONTH

## A MESSAGE FROM OUR PRESIDENT

It's June already! Half a year has passed. We have achieved some of our goals, but there is more work to be done. With the help of our HOA members, we'll be able to complete many more. As a member of the HOA, I would ask you to relate to your neighbors and friends the benefits of belonging to the HOA and invite them to join you in this great organization. Bring them to a meeting as your guest.

Our Memorial Day BBQ was a lot of fun and well attended! I'd like to thank AJ and Treehouse Communities for supplying the hamburgers and hot dogs. And a big thanks to Janie, Diane and Grace for all their work.

The activities and projects completed and ongoing will be covered by others in this publication. Again, thanks for all your help and support!

## JEANINE BLACK MEMORIAL FRIENDS OF THE FERAL CATS FUND

Thanks to our neighbor and tireless advocate. Jeanine Black, we have been taught that feral cats are our friends and indispensable to the well-being of all our residents. She convinced us that we must care for them in memory of Jeanine Black.

Trapper Tom Wills in Spc 179 has taken on the task of trapping, neutering and releasing our new batch of feral cats this year. He has agreed to continue to do this for the park. Palm Springs Animal Shelter has agreed to continue to examine, neuter, treat ear mites, de-worm, chip and vaccinate all feral cats we catch for \$45 per cat

You can help us by making a contribution to the JEANINE BLACK MEMORIAL FRIENDS OF THE FERAL CATS FUND. You will be receiving an envelope in your tube with options for donations. Simply make your choice, deposit the check in the envelope and place the envelope in the HOA box by the Park Office.

## JEANINE BLACK FUND CON'T

In the Fall, we will challenge the Snowbirds to meet our summer donations!

Thank you for your support for this very worthwhile and much needed project!

Harry Stowe Spc 265

David White Spc 283

David Wade Spc 208

Alice Spencer Spc 105

## HIDDEN SPRINGS LIBRARY

In addition to the books, videos and magazines, the library has a number of photo albums. These contain photos from many past social events. However, they contain very few photographs of the park itself. If you have any photos of the park that you would like to donate or copy, please let us know. It would be nice to have some history of the park.

We would like to complete our Harry Potter series. We are missing two books: The Half Blood Prince (book 6) and the Cursed Child (book 8). A donation of those two books would be greatly appreciated.

As we hope you know, we keep a large selection of magazines. If you have any magazines that you are going to dispose of, please consider giving them to the library. If they have a name and address on them, we will remove that before putting them in stacks.

The library receives a lot of books in donation. That is how we came to have such a large selection. However, some of our sections, especially fiction, are full so we take what we can use and send the rest to the .... 3

recycling bin. If you would rather have the unwanted books returned to you, please put your books in a bag and include your name and space number and they will be returned to you.

We like to hear what people are reading, especially if it came from the library. Please let us know if you have recently read a really good book. Librarians can be reached at [LibraryatHSCC@gmail.com](mailto:LibraryatHSCC@gmail.com) for questions, suggestions or to mail your old photographs.

Peter Losee and Barb O'Connell,  
Librarians

### HOA HELPING HANDS

Vickie Leeuw (214) 232 4827 #290  
Pet sitting, cleaning, organizing,  
errands, personal care, caregiver

Robert Alexander (760) 671-4868  
Will be offering free painting classes!

Cheryl Floyd Rice (623) 759-6074  
Would like to teach you to QUILT.

## GOLF LESSONS

Our own Jim Dorn has kindly offered to give golf instructions. He is offering the lessons on Thursday mornings at 9:30am at the putting green west of the Pro Shop.

== 4TH OF JULY ==

On Sunday, July 4, 2022

From 11:30 am to 3:30 pm

**Sign up at the HOA Box by the  
Office by July 1st please**

**Guests & Non-Members  
are welcome for \$5.00**

## PROTECT YOURSELF FROM THE SUMMER HEAT

---

There is hot, and then there is hot! Extreme heat is a period of high heat and humidity with temperatures above 90 degrees for at least two to three days. In extreme heat your body works extra hard to maintain a normal temperature, which can lead to death. Extreme heat is responsible for the highest number of annual deaths among all weather-related hazards. Older adults, children and sick or overweight individuals are at greater risk from extreme heat. Humidity increases the feeling of heat.

---

Identify places in your community where you can go to get cool such as libraries and shopping malls or contact your local health department to find a cooling center in your area.

---

Cover windows with drapes or shades. Even covering cardboard with aluminum foil (foil side out) will provide good insulation. Weather-strip doors and windows. Use window reflectors specifically designed to reflect heat back outside. Add insulation to keep the heat out. Use a powered attic ventilator, or attic fan, to regulate the heat level of a building's attic by clearing out hot air.

---

Install window air conditioners and insulate around them. If you are unable to afford your cooling costs, weatherization or energy-related home repairs, contact the [Low Income Home Energy Assistance Program \(LIHEAP\)](#) for help. Take cool showers or baths. Wear loose, lightweight, light-colored clothing.

---

If you're outside, find shade. Wear a hat wide enough to protect your face. Drink plenty of fluids to stay hydrated.

---

Avoid high-energy activities or work outdoors, during midday heat, if possible.

---

Check on family members, seniors and neighbors. Watch for heat cramps, heat exhaustion and heat stroke. Consider pet safety. If they are outside, make sure they have plenty of cool water and access to comfortable shade. Asphalt and dark pavement can be very hot to your pet's feet.

### HEAT STROKE SIGNS:

---

Extremely high body temperature (above 103 degrees F) taken orally

---

Red, hot and dry skin with no sweat

---

Rapid, strong pulse

---

Dizziness, confusion or unconsciousness

### HEAT EXHAUSTION SIGNS:

---

Heavy sweating, paleness, muscle cramps, tiredness, weakness, fast or weak pulse, dizziness, headache, fainting, nausea, vomiting. **Don't hesitate to call 911 if you experience any of these symptoms. This is serious!**

**PLEASE SAVE THIS PAGE**
