Get to know the Board part 2

John Hahn I first moved to the neighborhood in 1980. Greenwood Hills was a place of serenity and beauty to walk in with or without a dog. GHC has still the same beauty and charm to me, a special place that defines the area and makes it worth loving and caring for.

Margaret Green I joined the board because I love the cemetery and want to help preserve this unique place. I love being outdoors and happy-est when I am in the garden. I love to prune things. I like being a teacher, but if I had to do it all over again, I would be a landscape designer/architect.

James Luse Sometime ago Woody Allen was quoted as saying, "85% of success is showing up." I was asked to join maybe because I came to the meetings. Greenwood Hills seems like my rural open space within our neighborhood of 5 cemeteries and no parks. I can see Mt. Hood to the east and crunching the gravel under my feet reminds me that I'm the top side of the grass.

Craig Arrowsmith Greenwood Hills means a lot to our family. My two young daughters have spent hours searching for four leaf clovers, building fairy houses and watching the ducks in the pond. Not only is Greenwood Hills a wonderful place for family and friends to pay their respects to loved ones, but it is also a great asset to our neighborhood and community. I joined the board because I have always enjoyed volunteering and being involved in building community. I want to continue to do whatever I can to ensure that it is here for the community for years to come.

Ken Mead Ken joined the board and immediately became the keeper of the books. This was due to the fact he was good at it, and no one else wanted to do it. He pays our bills and keeps us honest. Ken has also been known to take out the garbage. The garbage in Greenwood Hills consists mainly of bags and bags of dog waste, not an envied task as you can imagine. It totals hundreds of pounds a year.

Hattie Mead I joined the board several years ago when the board that formed in 1987 stepped down. I was VP for the first year and then became chair after that. I remain in that position mainly because no one else wants to do it. It is my pleasure to maintain GHC to the best of our ability with the donations we receive. The tasks are many and every board member has a job. Whether it is tree trimming, string trimming, picking up trash, or repairing posts, there is a lot that goes on behind the scenes. I recently added archivist to my tasks as we needed to fill that position. I appreciate that we are appreciated. Over the years I have had the good fortune of meeting some wonderful neighbors and bringing them into the fold to volunteer as well. I'm so fortunate to have GHC practically in my own back yard. How lucky can a person get.

Clean up 2020

Our annual clean up last May looked very different than ever before. By May we were in a mandated shelter in place order and all wearing masks for the most part. There was no way we could even think of feeding 60 people lunch this year. We decided to make it a board only participation. We made our lists of tasks to get done and showed up to work. Over the course of the previous weeks, we had several dog walkers inquire if there would be a clean up and how were we going to do it. Little did we know that over 30 people would show up with tools in hand. We got everything done on our list and than some. Thanks to our wonderful volunteers.
