

Full Rail with trough inserts

Profiled Half Rail

Steel Stop End

Made to measure

- ✓ Manufactured to customer dimensions.
- ✓ Any depth; supports provided for rails greater than 100mm deep
- ✓ Trough inserts for all metal decks.
- ✓ 2.4m rail lengths.

Easy to use

- ✓ Delivered to site ready to install.
- ✓ Fixed in place with tek screws.
- ✓ All fixings supplied with order.
- ✓ Reduces waste removal from site.

Off-site manufacture

- ✓ Manufactured in a factory environment.
- ✓ Made from 1mm galvanised perforated steel sheet.
- ✓ Assistance and advice provided for drawings, take-offs, etc.

No breaking out

- ✓ Perforations in the steel allow grout to penetrate, providing a profiled key for following pour to bond to.
- ✓ Saves PM and labour time on site.
- ✓ No breaking out, no scabbling.

Please allow $\pm 1\text{mm}$ tolerance
