## BOREALIS BEHAVIORAL HEALTH, LLC FINANCIAL POLICY

Thank you for choosing Borealis Behavioral Health, LLC, as your health care provider. We are committed to making your treatment successful. Please understand that payment of your bill is considered as part of your treatment. The following is a statement from our Financial Policy, which we require that you read and sign prior to service. Please let us know if you have any questions.

ALL CO-PAYS AND DEDUCTIBLES ARE DUE AT THE TIME OF SERVICE. WE ACCEPT CASH, CHECKS, OR VISA/MASTERCARD

**REGARDING INSURANCE PLANS IN GENERAL**: As a courtesy, we will file your insurance for you. To provide this service, we will need your correct insurance information and signed authorization. Services not covered by your plan are your financial responsibility. You should call your insurance carrier and determine what services are covered, any precertification requirements and the amount of coverage you have. Please be aware any **unpaid balance** by your insurance, **after 2 months from the date of service, will be your responsibility regardless of insurance benefits**. Your insurance policy is a contract between you and your insurance company. We are not a party to that contract.

<u>USUAL AND CUSTOMARY RATES</u>: Our practice is committed to providing the best treatment for our patients and we charge what is considered usual and customary for our profession in our area. You are responsible for this amount regardless of any insurance company's arbitrary determination of usual and customary rates (unless we have specific agreement with your insurance plan as a preferred provider).

**COURT APPEARANCES**: If a court appearance or report preparation is requested or required, the standard hourly rate will be billed. Please ask us regarding these rates, as they will vary by provider.

OTHER CHARGES: Time spent working on your behalf outside of an appointment may be billed to you at the rate of \$25 per occurrence. These charges are not reimbursed by insurance. This may include (1) medication refills, (2) telephone contact, (3) requests for special letters, (4) requests for the completion of various forms, (5) requested or medically necessary care coordination with providers outside our office, and/or (6) after hour contact.

<u>MINOR PATIENTS</u>: An adult (foster parent, aunt, uncle, etc.) accompanying a minor and/or the parents (or legal guardians) are responsible for payment. Foster parents and support agencies providing transportation need to be aware that they will be responsible for "missed appointments" when appointments are not kept.

<u>OVERDUE ACCOUNTS & INSUFFICIENT CHECKS</u>: We do not depend on outside collection services unless accounts become unreasonably delinquent. We would much rather communicate with you to find some solution to overdue accounts. However, when there is no communication, your account will be turned over to our Collection Agency. Additional charges may be added to your balance such as administrative fees and/or interest charges **prior** to being turned over. In addition, the Collection Agency may be adding additional interest charges/fees.

# BOREALIS BEHAVIORAL HEALTH, LLC NOTICE OF USE OF PRIVATE HEALTH INFORMATION

**FOR YOUR PROTECTION**: This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

<u>YOUR HEALTH INFORMATION IS PRIVATE</u>: We understand that the information we collect about you & your health is personal. Keeping your health care information private is one of our most important responsibilities. We are committed to protecting your health care information and follow all laws regarding the use of your health care information. The law says:

- 1. We must keep your health care information from others who do not need to know it.
- 2. You may ask us not to share certain health care information. In some instances, we may not be able to accommodate your request.

**HOW IS PAYMENT MADE?** We may exchange information about you with your health plan, your insurance company, or government programs to obtain payment for our services and to help you maximize your benefits.

<u>MAY I SEE MY HEALTH INFORMATION?</u> Under most circumstances, you may see your health care information. There may be limitations on this right for legal reasons, or if your safety is at risk. If you think some of the information is wrong, you may ask in writing that correct or new information be added. You may ask that the corrected or new information be sent to others who have received your health care information from us. You may ask where we sent your health care information and we will provide you with a list, excluding information sent for treatment, payment, and health care operation.

WHAT IF MY HEALTH INFORMATION NEEDS TO GO SOMEWHERE ELSE? You will be asked to sign a separate form, called a Release of Information form, permitting your health care information to go somewhere else. The authorization form tells us what, where and to whom the information must be sent. You can cancel or limit the amount of information sent at any time by letting us know in writing. You may be charged a small amount for copying costs. NOTE: If you are younger than 18 years old and, by law, you can consent for your own health care, then your health care information is kept private unless you sign an authorization form. There are special rules governing chemical dependency releases, all patients no matter their age must sign.

<u>COULD MY HEALTH INFORMATION BE RELEASED WITHOUT MY AUTHORIZATION?</u> We follow laws that tell us when we must share health care information, even if you do not sign an authorization form. We always report:

- 1. To the police when required by law.
- 2. When the court orders us to.
- 3. To the government to review how our programs are working.
- 4. To a provider or other insurance company who needs to know if you are enrolled in one of our programs.
- 5. To Workers Compensation for work-related injuries.
- 6. To the Federal Government when they are investigating something important to protect our country, the President and other government workers.
- 7. Abuse, neglect, and domestic violence.

We may also report serious threats to public health or safety.

**QUESTIONS OR COMPLAINTS?** If you have questions or feel your privacy rights have been violated you can contact us by calling (907) 917-4151, or by writing to Borealis Behavioral Health, LLC, 634 S. Bailey St., Suite 207 Palmer, AK 99645. You can also complain to the federal government Secretary of Health and Human Services or to the HHS Office of Civil Rights. Your health care services will not be affected by any complaint made to the Privacy Officer, Secretary of Health & Human Services or Office of Civil Rights.

ACKNOWLEDGEMENT OF RECEIPT OF THIS NOTICE: I have reviewed and understand this consent form:

#### SOCIAL MEDIA POLICY

Borealis Behavioral Health LLC has social media accounts (Facebook and Google+), allowing us to share practice information, news and updates with other social media users. This document outlines our practice's policy related to use of Social Media. Please read it to understand how we conduct ourselves on social media sites as mental health professionals and how you can expect us to respond to various interactions that may occur between clients and clinicians on the Internet.

This policy is not meant to keep you from sharing that you are in therapy at Borealis Behavioral Health or with a particular therapist/ANP wherever and with whomever you like. Confidentiality means that we cannot tell people that you are a client. You are encouraged to take your own privacy as seriously as we take our commitment of confidentiality to you.

#### Friending/Liking/Following

Therapists/ANP'S do not accept "friend" requests from clients on their personal social networking sites (Facebook, Twitter, LinkedIn, etc.). Adding clients as "friends" on these sites can compromise your confidentiality and our respective privacy. It may also blur the boundaries of our therapeutic relationship. You are welcome to "like" or "follow" our social media feeds and read or share; however, because social media sites are public spaces, anyone who can see our social media pages can see your post or comment. In addition, when you post, comment, or "like" a page, it will be published on your page as well. Our primary concern is your privacy. You are welcome to use your own discretion in choosing whether to follow our practice. In order to maintain ethical boundaries, therapists/ANP'S are not permitted to follow you back. We believe casual viewing of clients' online content outside of the therapy time can create confusion in regard to whether it's being done as a part of your treatment or to satisfy curiosity. In addition, viewing your online activities without your consent and without our explicit arrangement towards a specific purpose could potentially have a negative influence on the therapeutic relationship. If there are things from your online life that you wish to share with your therapist/ANP, please bring them into the sessions where those things can be viewed and explored with your counselor/ANP during the therapy session.

#### **Texting/ Messaging**

Please do not use SMS (mobile phone text messaging), wall posting, @ replies, messaging on Social Networking sites in order to contact your therapist. Engaging with your therapist/ANP in this way could compromise your confidentiality and the therapist/ANP may not even receive your message. It may also create the possibility that these exchanges become a part of your legal medical record and will need to be documented and archived in your chart.

#### **Use of Search Engines**

Initials

It is NOT a regular part of our practice to search for clients on Google or Facebook or other search engines. Due to the fact that therapists/ANP'S are mandated reporters, extremely rare exceptions may be made during times of crisis. If a therapist/ANP has reason to suspect you are in danger and you have not been in touch with your

therapist/ANP via usual means (coming to appointments, phone, or email) there might be an instance in which
using a search engine (to find you, find someone close to you, or to check on your recent status updates)
becomes necessary as part of ensuring your welfare.
