Outdoor Science School Information

Three Oaks Outdoor Science School operates out of two facilities in the San Bernardino Mountains. Site elevations range from 4,000 to 7,000 feet in typical forested and chaparral mountain terrain. Three Oaks Outdoor Science School involves students in a variety of activities in all weather conditions including rain, snow, and ice. Students stay at Three Oaks Outdoor Science School for four or five days. Access to a physician and/or hospital could be delayed in excess of one hour due to the remote locations of the school sites. Road closures due to adverse weather conditions could make access to a medical facility difficult or impossible. Three Oaks Outdoor Science School employs a licensed health care provider on site 24 hours a day. Medications may be administered by the nurse or other designated Outdoor Science School staff member.
(Education Code Section 49423).
