Students are not allowed to make or receive phone calls while at Outdoor Science School. **Parents are not permitted to call the student or visit the camp** unless it is an emergency situation.

MEDICATIONS:

All prescriptions must be sent in the **original container** with the doctor's name, child's name and correct dosage. The **Medication Authorization Form** must be filled out completely AND correctly or prescribed and over the counter medications cannot be dispensed. In addition, please put all medications in a plastic zip lock bag, clearly labeled with your child's name and school.

Any **non-prescription drugs (OTC) require just the parent/guardian signature** on the Medication Authorization Form, unless the School requires differently. All medicines listed on the backside of the Medication Authorization Form are what Three Oaks carries in its inventory. A **Doctor signature is required for ALL prescribed medicines**, along with parent/guardian signature. It will be collected upon arrival at outdoor science school. The camp medic keep all medicine locked safely; keep a written record all accidents, illnesses and med dispensations; and dispense to students at the appropriate time.

ELEVATION:

Our bodies require more water while involved in activities at higher elevations (above 4,000 feet). We recommend students drink 4 to 6 bottles of water a day to prevent dehydration. Outdoor living at high altitudes requires special consideration of temperatures. Evening temperatures can be quite low even in the fall and spring. **LAYERING** is a dressing technique which involves wearing several layers of light clothes to help retain body heat. Please help your child have a positive experience by making sure they have all of the items on the clothing list.

STUDENTS ARE LIMITED TO:

- **One suitcase OR Duffel bag**
- **Sleeping bag**
- **Pillow**

*****ALL ITEMS SHOULD BE LABELED WITH THE STUDENT'S NAME AND SCHOOL*****
