

# Paws on holiday newsletter

Welcome

August-September Vol 7

Hi everyone, the summer holidays are over and your beautiful fur babies have had such a great time with us. They have enjoyed every day playing with our children and loving life. A dogs boarding day with us starts at 7am and finishes around 9pm with lots of interaction and activities. We make sure they have plenty of rest between activities and we do a midnight CCTV check to make sure they're settled.

Every morning we start with our meet and greet area we're meeting is done safely giving us time to study their body language to be able to put them into play groups. In the meet and greet dogs can't mix straight away but they can see each other safely through each fence. Any mixing is with your consent, we base what we do on your wishes.

We would like to say a huge thank you for all your support and for trusting us to care for your fur babies. We are extremely grateful and it makes us feel proud to know we're doing a good job. A highlight to our month is being called 'DOGGY CENTRE PARCS'. We've also been doing some baking making our own dog treats.

## How lovely is our latest review

Michelle Bradley

I can't thank you guys enough for the care that Hector received while we were away. The daily pictures put my mind at ease and it was great to see him exploring and playing with other dogs. He looked so happy 😊. Will definitely be booking his holidays with you again.

Jemma Smith

Our 4 year old lab collie went to stay at Reservoir dogs for the night. she absolutely loved it, I received regular photo updates from Maria and her team. Everything about this place is amazing and Brie had the best time. Thank you so much Maria and team. Brie is already looking forward to her next holiday with you ❤️

Samantha Elks

Our 8 month old boxer recently stayed 1 night and had a great experience. The facilities are brilliant, staff were friendly and we were sent regular updates. I highly recommend using Reservoir Doggy Resort & Spa ★★★★★

Danny Osbourne

Would certainly recommend Maria and this wonderful place! Evie looked like she had a fabulous time on her holiday with you and I loved all the photo updates we got. What an amazing place to send your dog, there is so many things to do and Maria is so loving and caring so I knew Evie was in good hands. Thank you so much for having her, we will certainly use you in the future! xx
