

Over the course of the last few years we have put our heart and soul into achieving a holiday resort for dogs. In our children's minds a holiday is we're you play in the sea and the sand and are free to adventure. The question is why can't our dogs have a holiday too? Well now they can, here at Reservoir Doggy Resort & spa we offer luxury boarding and day care with a sand arena and a heated swimming pool. our aim is to make our guests feel home from home in a secure and safe environment having fun and being loved.

We continually look to improve our guests stay, we recently purchased the caterpillar tunnel and the ball pit which both are proving to be big hits with our guests. We also update our website and social media regularly keeping you all updated.

All suites have air conditioning, television and music to help make them feel at home and comfortable .

How lovely is our latest review

Lee Richardson

Absolutely fantastic place and a lovely family who run and own it. We took our 2 year old Labrador Missy here whilst we went on a weeks holiday to Turkey she was so loved and cared for we don't think she wanted to leave because she had so much fun. From dropping her off to picking her up everything was so easy with us getting daily photos and reports of how she was getting on whilst we were away. The kennels are very clean and all the grounds and gardens are kept to a very high standard with the doggy swimming pool adding a very nice touch to your dogs stay if you would like them to use it. We will definitely bringing her here again when needed.

Highly recommend

I just want to take this opportunity to say thank you for your continued custom. We love caring for each and every one of your dogs.

THANKYOU
