

Hello everyone, we're here to keep you updated and opening the doggy arcade has been fantastic, it's safe to say the dogs love it. Even the children had to join in and experience all the fun.

The best feeling in the world is watching a dream come to life. Watching the dogs have a great time and our children having fun with them, it's just magical. We want to provide the best holiday and daycare for our guests with all the luxuries of home from home and all the enrichment imagination can offer.

You may have seen us in the Country Images magazine, it's a great magazine for all your needs.

New Ideas

Visiting Mexico gave us some ideas, so we've decided our next project is going to be the doggy jungle. We think you will love it especially our guests. We will keep you updated. Any ideas are more than welcome.

How lovely is our latest review

Paula Watkins-Boarding

There are no words to praise Maria and the family enough. Our three absolutely love going on their holidays. None stop fun and the best care. We get loads of updates too.

I cannot recommend Reservoir Doggy Resort and Spa highly enough. If your dogs like to be active and have fun, you should definitely go and visit and take a look for yourself. ❤️

NEW

The new pool ramp has arrived, apologies for the delay it was a thorough job for the fabricators as it had to go through several tests. We want THE BEST FOR OUR GUESTS. We are open 6 days a week for fun swim sessions Monday-Saturday 9am to 6:30pm.

Love to you all

Maria
