

Hi guys

We hope you're all enjoying the holiday season! Team Reservoir thoroughly enjoyed our annual leave, taking some much needed time to relax, recharge, and gather lots of new inspiration for the year ahead.

While away, we came across some fantastic ideas that we just couldn't wait to bring back with us. We're excited to share that we've already built our Doggy Jungle Hut and Beach Huts creating even more fun, stimulating spaces for your fur babies to explore, play, and enjoy during their stay with us!

There's even more exciting news behind the scenes too. Our brand new underwater treadmill has now been fitted to support dogs with fitness, rehabilitation, and confidence building. We're putting the final finishing touches on our hydrotherapy room, and we cannot wait to show you all the completed space soon.

As always, thank you so much for your continued support, loyalty, and trust in us. We absolutely love caring for your dogs and making Reservoir a fun, safe, and exciting place for them to be.

were pleased to announce we're Animal Star Awards Finalists 2026

The team at Reservoir had a wonderful holiday break and would like to thank you all for supporting their annual leave. They came back refreshed and jumped straight back into the fun and games with all your fur babies!

How lovely is our latest reviews

5 Star review - what an amazing place the Resort and Spa is. The attention to detail is outstanding and it shows with the care of the dogs staying with you. This was our first time our dogs stayed here and I was nervous leaving them but I soon felt at ease with the fabulous photos I received with our dogs playing and enjoying life 😊 I would absolutely recommend Reservoir Doggy Resort - what a great team thank you for looking after our extended family with such care and attention. 👍🐾

We recently left our two dogs with Reservoir Doggy for two weeks, and we honestly couldn't be happier with the care they received. From start to finish, the experience was fantastic.

We were given regular updates and plenty of photos, which made being away so much easier and really reassured us that they were in great hands. It was clear from every update just how well they were being looked after and how much attention and care they were getting. They even made a fuss and celebrated Willow's birthday whilst she was with them!

The biggest sign of all is how our dogs were when they came home — relaxed, happy, and completely themselves. That says everything about the environment and the level of care they received.

We wouldn't hesitate to use Reservoir Doggy again and highly recommend them to anyone looking for a trustworthy, caring place for their dogs to stay.
