

# Three G's Ranch

Buford, Georgia

770-744-0172

Dear Three G's Ranch puppy parent,

**Congratulations on your new puppy!** As your breeder my **highest** priority is the health of your precious pet. Our responsibility includes doing everything possible to make sure you have many happy –and healthy – years together. This is why we USE and recommend NuVet Plus as their daily treat.

Did you know that even the highest quality food sometimes containing *harmful* ingredients and many nutrients are 'cooked' out do to heat? 4 recalls this month alone. This is why we highly recommend NuVet Plus immune booster.

NuVet Plus has helped *millions* of pets stay healthy for 20 years and is not a vitamin. It's a USA sourced and manufactured supplement that **strengthens pet's immune, skeletal, cardiovascular and nervous system**. Developed by a team of veterinarian, nutritionist and pharmacist all sharing a passion for pets and were frustrated by inferior products. **By including NuVet as a DAILY TREAT you can be confident that you are providing the best support for your pets' health and quality of life, naturally.**

**It's a nourishing DAILY TREAT that works through all three stages of a dog's life:**

- ✓ **For puppies** - It fills the immunity gap all puppies experience. Shortly after birth maternal antibody effectiveness is greatly reduced. By 8 weeks your puppy's immune system is at a vulnerable point. Once in their new home, the immune system is weakened by the stress of adoption and exposure to novel bacteria and viruses in their environment. This is also when the vaccine series is started. Vaccines are more effective if the immune system can respond properly.
- ✓ **For dogs in their prime** - It improves their skin and coat while protecting against irritants and many imbalances due to lack of optimal nutrition.
- ✓ **For older dogs** - It helps keep immune system strong which is crucial for longevity and vitality. They also offer an amazing Hip & Joint formula called NuJoint DS that helps protects joints, rebuilds cartilage and increases mobility and flexibility. This literally gives your pet *relief* and puts the 'pep' back in their step!

## **LOVED by pets... Recommended by Vets**

*"As a Veterinarian, it is my responsibility and personal commitment to research and recommend products that are the best for each animal... I have integrated both supplements (NuVet Plus and NuJoint) into my treatment protocols for a variety of issues. ... Feedback from my clients has been very positive"*

Judith M Shoemaker, DVM

The American Holistic Veterinary Medical Association Practitioner of the Year, 2011-2012
