

NEW LITTLE LEAGUE ONLINE REGISTRATION THROUGH SPORTS CONNECT

You may notice that our registration process looks much different this year. Sports Connect has been a trusted partner of Little League for many years. Beginning this year, Little League is mandating that all leagues use Sports Connect for their registration. While this will be a learning process for us all, we are committed to working with you to make this transition as easy as possible. Below you will find some helpful information to help you through the process. If at any time you have any questions, please do not hesitate to ask. We can always be reached at president@mysrba.com.

- You can get to our Sports Connect site by clicking on the REGISTER NOW button on our registration page.
- If you do not already have an account through Sports Connect from another sport, you will need to make one. Accounts are free and the information collected will allow us to keep you informed throughout the season.
- Once you have setup your account you can begin your child's registration. REMEMBER - as the parent or guardian, you are the primary account holder and your child is the participant.
- You will be taken to a list of available age divisions based on your child's information. You may see multiple divisions. This allows us to register kids who may be playing up or down for various reasons. We have included Grades as helpful guidelines in the baseball divisions, but that does not always line up with a child's playing age. If you have any questions as to what division you should select, please reach out and we will gladly help you.
- When you begin filling out the information, you will see a section where you will need to provide verification of address or school attendance. It is much easier for you as well as for us if you select school attendance. There will be a form to fill out that you should be able to skip over and continue. We as a league will handle the school verification forms at a later date so that we do not bombard the school with continuous requests for forms to be filled out.
- If you do not live in South Range's district and do not attend school at South Range but have been approved to play in South Range via a Waiver, please select "Other". These are the only players that should select "Other".
- If you would like to volunteer to be a Manager or a Coach, this can be completed when you register your child. - OR - You can create an account and submit a volunteer application without registration. Please only volunteer for one age division even though you want to be considered for more than one. The application will ask you what league and division(s) you want to Manage or Coach.
- PAYMENTS- The most convenient part of switching to Sports Connect is the ability to pay using a credit card during the registration process. Please note, a \$3/transaction fee will be added to **ALL** registrations. This charge is by our website host, Sports Connect. SRBA does not receive any part of this administrative fee. If you would like to pay by other means, you may complete your online registration up to the payment portion and then come in during our in-person registration on February 1st to drop off a check. If you need to make payment arrangements, this can be done then as well or you can reach out via email for assistance. Registrations will not be considered complete and your child will not be eligible to be placed on a team until payment is made.
- LATE FEES- There will be a \$20 late fee for all registrations completed after Feb 15.
